50 CENTS PER MONTH

# PETITION TO WIDEN E. 4th ST. TO 100 FEET BEFORE COUNCIL

## Entente Premiers Hold Vital Council in London

### EXECUTION OF PLAN TO COST \$40,000

Project Contemplates Moving Stores Back On Thoroughfare, Main to Mortimer

#### TRAFFIC CONGESTION RELIEF IS SOUGHT

Committee of Trustees Named to Look Into Scheme and Make Report

To widen Fourth street to 100 feet, with one, two and three story structures on each side of the street, is the big task property owners on East Fourth, between Main and Mortimer have set for themselves, and their project today is being received with the greatest commendation of all to whom it has been advanced. The contemplated improvements will cost between \$40,000 and \$50,000.

The impelling motive is to relieve traffic congestion and provide better parking facilities for automobiles. The remodeling of all store fronts within the four blocks, the tearing up of the present sidewalk and the building of a new one, are involved in the plans.

The progressive citizens who last night petitioned the City Council for permission to do the work are enthusiastic. Col. Finley presented the petition. The petition was referred to a committee consisting of Trustees McPhee, Maryatt, City Attorney Scott and City Engineer Bonebrake. The following are the property owners and their frontage:

S. H. Finley, 375 feet; John McFadden estate, 50; John Cubbon, 50; C. P. Kryhl, 25; W. B. Hervey, 376; Addie E. Harvey, 37 1/2; W. F. Lutz, 37 1/2; Geo. Edgar, 25; J. T. Wilson, 25; Geo. S. Smith, 25; A. C. Bowers, 25.

This is one of the most forward steps this community has undertaken in recent years, and the plan was conceived by Edwin McFadden of the McFadden Hardware company and executed by Col. S. H. Finley, with general plans drawn by architects Elwing and Tedford.

The big project was started a month ago and the fact that the petition was presented to the council last night is evidence of the approval it received from those directly and financially concerned in the enterprise.

Will Shorten Stores

The plan, as outlined, will result in every business house on the street being shortened ten feet. It will affect the lower floors only on two story buildings. The present fronts on the lower floors will be torn out and moved back ten feet. Where the present front is modern it will be replaced. In rooms where the front is out of date, new work will be put in, and will be modern. There will be no attempt to make the fronts uniform and each building will maintain its individual distinctiveness.

What is now the property line will be the curb line when the street is widened. Iron posts every twenty-five feet will support the upper stories extending out over the sidewalk. The upper stories will form a delightful shady walk in summer and will protect from rain in the winter. An arch will extend from post to post, giving the mission effect in the four blocks. The proposed improvement means the cutting down of sidewalks of every business house in the four blocks.

### WORK BEFORE YANKEE FLIERS IN FRANCE IS TOLD BY LUFBERRY

Premier Fighter of Lafayette Escadrille Outlines Qualifications Needed

PARIS, Aug. 7.—Work to be done by American aviators which means success or failure of artillery and infantry was described by Lieut. Raoul Lufberry, premier fighter of the Lafayette escadrille, today, as he outlined to the United Press qualifications the "cream of American youth" must have to carry the United States to success in the air.

"Men working in machines carrying two or more passengers must have many qualities," said Lufberry. "They can weigh 200 pounds, but success depends less on perfect physique for this type of airman than on perfect nerves. Though constantly under fire, the airman must develop a painstaking eye for detail. He must have persistence and an enormous sense of self-discipline.

"Observations made from his machine may mean success or failure in his artillery or infantry.

"His nerves must hold him steady in his task regardless of the guns that will be trying to bring him down. The observers carried in such machines are generally young artillery officers who have mastered the handling of machine guns, wireless telegraphy and even photography.

"The pilots of these slower, heavier machines can be men lacking in the qualities of eye and temperament necessary to the faster game.

"The third general type of aviator is the bombardier. He must be capable of rapid, accurate handling of machine guns and small cannon and be proficient in the extremely complicated art of aerial warfare.

"In this there are three principal factors. He must be able to gauge his own and his enemy's speed and the velocity of the wind.

"It is frequently necessary to aim 100 feet in front of an enemy machine to make a hit.

"All on board a battle plane depends upon the bombardier's eye, his coolness and his ability to shoot. If he becomes rattled all is lost. For example, a German gunner recently lost his nerve and hid in the body of the machine. The pilot became rattled, gave up and landed inside the French lines."

### TERRIFIC VERDUN DRIVE SMASHED BY FRENCH

Crown Prince Launches Big Assault On 3-Mile Front to Left of Meuse

PARIS, Aug. 7.—Heavy fighting to day broke out in the Verdun sector. Following a fierce bombardment the forces of the German crown prince launched a strong attack against the French lines on a three mile front on the left bank of the Meuse.

The war office reported heavy German losses in the attack. The French guns poured a heavy fire upon the attacking forces who were driven back. Renewed activity is also reported in Belgium.

In the Champagne sector the French made successful raids, taking many prisoners.

BERLIN, Aug. 7.—The capture of 1300 prisoners by the Germans in storming a position north of Focsani was today reported by the war office. Numbers of guns and trench weapons were taken.

LONDON, Aug. 7.—Action on the British front was confined to artillery exchanges and minor patrol operations today. Field Marshal Haig's statement to the war office declared there was nothing of special interest to report.

### MORE TROUBLE HERE THAN IN RUSSIA—ROOT

CHICAGO, Aug. 7.—"We can place the greatest confidence in the Russian people and their new government," Elihu Root said today. "There is not as much disturbance in all Russia as there is in the United States," he said.

### MINE SEIZURE BY U. S. ASKED AS CRISIS GROWS IN MONTANA

Crippling of Metal Industry Threatened As Miners Threaten to Quit

BUTTE, Mont., Aug. 7.—Strike by practically every miner in Montana is threatened this afternoon. The local branch of the Montana Metal Trades Council will hold a meeting tomorrow to take steps toward calling out all affiliated organizations.

WASHINGTON, Aug. 7.—A joint resolution authorizing the President to take over and operate metalliferous mines was introduced in the house today by Congresswoman Rankin. The resolution applies particularly to copper mines in Arizona and Montana.

"These mines are not operating to the capacity demanded by the war department," Miss Rankin said, "because the mine owners and workers cannot agree." She declared the government has failed to cope with the situation.

CHICAGO, Aug. 7.—Sentiment is growing for a general strike of I. W. W.'s, according to William D. Haywood, general treasurer and secretary of the organization, who today declared that harvest hands in South Dakota have been called out and that 85 per cent of the lumber industry in the northwest is tied up as a result of walkouts. Haywood refused to state how many would be affected in case of a general strike but said that more than 75,000 are out now.

"I have received telegrams from all parts of the country endorsing a general strike in retaliation for the lynching of Frank Little," said Haywood.

Haywood declared that a general strike could be accomplished only by the separate branches of the I. W. W. striking individually.

"There is no board or individual powerful enough to declare a general strike," he declared.

Haywood laughed at suggestions of a "civil war."

"There is no possibility of it," he said. "The situation today is only a transient phase of the labor movement. It is only a part of the industrial revolution which has been going on for millions of years.

"Conditions will improve as a result of what we are doing."

As Haywood was talking a telegram arrived from Boston declaring that the Marine Transport Workers of Boston endorse a general strike to force relinquishment of despotism of Arizona mine owners, and favored a nationwide protest against the lynching of Frank Little.

### FIRST MEDIATION OFFER MADE AT BUTTE

BUTTE, Mont., Aug. 7.—The first effort to mediate the street car strike, which has paralyzed city transportation here since Saturday morning, began today when a committee composed of Mayor W. H. Maloney, County Commissioner Otto Simonson, Scott Stevens, president of the street car men's union; former United States Senator W. A. Clark, principal owner of the street car system, and C. C. Willis, secretary of the Employers' Association, met to discuss terms of settlement of the strike. The committee will report tonight.

Outside of this mediation effort, Butte's labor situation was unchanged today. The coroner's jury, after a three-day inquest, formally reported that Frank Little came to his death by hanging at the hands of parties unknown to the jury. William Sullivan, attorney for the Industrial Workers of the World, failed to appear at the inquest, although he was invited to present any evidence he might have. The city was quiet today, although between 10,000 and 15,000 men were on strike. Union leaders declared that no violence will be permitted, as this was exactly what the mining companies wanted, so they would have an excuse to ask for troops.

### STRIKE THREAT MADE BY OAKLAND TROLLEY MEN

OAKLAND, Aug. 7.—The employees of the Key Route systems of street car and suburban lines will strike next month unless their demands are granted.

### U. S. ALARMED AS LABOR CRISIS IS PERILING WAR WORK

Government Names Committee to Study Adjustment of Wage Scales

WASHINGTON, Aug. 7.—The labor situation is causing the government alarm.

War work, it became known today, is threatened to such a point that a campaign has been started to dispel unrest among workers.

The War, Navy and Labor Departments have appointed a committee to study adjustments of wage scales in the navy yards and other government works and to bring about schedules. The committee is to report August 24.

The high cost of living and determination to share in war profits are responsible for the labor unrest, it is stated.

WASHINGTON, Aug. 7.—The government is about to lay a strong hand on "war profiteering." Prices on steel and copper are to be fixed to insure a "reasonable profit" to producers and a "fair margin" for this government and her allies, it is officially announced.

President Wilson has informed the new "war industries board" that the allies are to buy war materials in this country on the same terms as the United States. "Blood profits" are not to be tolerated.

The Federal Trade Commission announced today its report on copper prices will be before the President in two weeks.

The cut in steel prices will be from \$100 a ton and more, now paid by the allies, to approximately \$50 a ton.

All purchases will soon be in the hands of B. M. Baruch, as official representative of all allies. He is now visiting all contracts made in this country to insure against "blood profits."

American efficiency versus German efficiency, with strict conservation of allied money resources as well as food and other supplies, will bring an end to the great war by December, 1918, military men today predicted.

The American embargo will be further extended. The time will come late this fall, when Germany will "see the handwriting on the wall," military men said today. A final peace effort will be launched then by the Teutons—and the great crash will come a year later, when America's full strength has been hurled into the balance, they say.

### 250 MAY DIE AS ANTI-DRAFTERS IN OKLAHOMA

MALESTER, Okla., Aug. 7.—The death penalty will be demanded for anti-draft rioters, who for three days ran amuck in southeastern Oklahoma. Two hundred and fifty of them were to face United States Commissioner McMillan on charges of treason this afternoon. District Attorney McGinnis announced that in all cases where sufficient evidence is found to convict them of active participation in or conspiracy toward armed resistance to the draft, the extreme penalty will be asked.

Authorities were confident today that they have two of the national organizers of the Working Class Union among the prisoners. They are Roy Crane of Oak Grove, arrested at Holdenville Friday night, and John Barnhart of Wewoka, arrested Monday afternoon, near spaulding.

Letters and records seized by the authorities are said to show the strength of the W. C. U. in Oklahoma to have been 27,000.

This was made certain today when officials of the platform men's union announced that the men had voted 782 to 520 to strike to enforce their demands.

Such a strike would tie up street car lines in Oakland, Alameda, Berkeley, Richmond, San Leandro and Hayward and leave the Southern Pacific the only ferry system operating on the bay.

### LOCAL DRAFT DOCTORS FIRST DAY EXAMINE 92 AND THIS MORNING 62

Fewer Physical Disqualifications Show Up in Examinations Today

Showing a far smaller proportion of disqualifications on account of physical defects than was shown yesterday and an increased proportion of registrants not claiming exemption, this morning's work of the exemption examiners and board was as follows:

Number examined, 62.  
Number physically disqualified, 13.  
Number of those physically qualified making no exemption claim, 13; number making claim, 39.

Today's physical examinations have been moving along more rapidly than did yesterday's. The indications now are that the physicians will have their work completed by tomorrow night, except for a few strays who failed to receive their notification through the mails.

### TEN PASSING EXES HAVE NO EXEMPTION CLAIM

Those who passed the physical tests this morning and who said they had no claim to exemption follow:

J. D. Wylie, 1030 W. Bishop.  
D. S. Sanchez, Yorba.  
H. F. Klausermeyer, Orange.  
D. J. Lan Brown, Tustin.  
Paul Brown, 116 1/2 E. Fourth.  
H. J. Buss, 1719 Greenleaf.  
E. L. Johnston, 511 E. Second.  
E. B. Lambert, 942 W. Highland.  
James Lee Walker, Elks' Club, Santa Ana.  
C. A. Brown, El Toro.

### THIRTY-NINE PASS, WILL CLAIM EXEMPTION

Practically all of those who gave notice this morning that they have claims to exemption stated that their claims are based upon having dependents. One man put in a claim because he is engaged in agriculture. Those who passed the physical tests today and who gave notice of claiming exemption are:

W. P. Heninger, 602 S. Birch.  
E. F. April, 830 E. Second.  
O. A. Murray, R. D. 7, Santa Ana.  
Frank Lipscombe, R. D. 5, Santa Ana.  
N. M. Stafford, 914 W. First.  
V. C. Barbre, El Toro.  
N. J. Allen, Harper.  
E. R. Dargatz, Orange.  
L. H. Clark, 719 W. Sixth.  
A. L. Goddickson, Orange.  
E. H. Warhurst, 2922 A. Bush.  
F. W. Evans, 628 N. Shelton.  
R. L. Freeman, 302 S. Flower.  
F. H. Collins, Orange, 1.  
J. L. Brook, Capistrano.  
C. B. Worsham, 402 1/2 N. Broadway.  
E. W. Lehmberg, Orange.  
G. R. Boyer, Orange.  
E. W. Clinton, El Modena.  
F. L. Merritt, R. D. 4, Santa Ana.  
Hurley Sears, R. D. 7, Santa Ana.  
H. L. Dillingham, Orange.  
E. T. Watrous, 1004 W. Third.  
J. A. Winn, 1033 W. Fifth.  
E. M. Robbins, Laguna.  
J. H. Luther, Peralto.  
J. C. Valdez, 205 S. Main street.  
Leo B. Wilks, Irvine.  
George M. Taylor, 635 N. Ross.  
Carey V. Billingsley, 319 W. Third.  
A. Quintana, 1354 Grand avenue.  
Robert A. Evans, 714 S. Van Ness.  
A. A. Manderschied, Santa Ana.  
R. D. 6.  
V. W. Garcia, El Toro.

(CONTINUED ON PAGE 3)

Out of 86, Thirteen State They Have No Exemption Claims

Yesterday the examining physicians, Drs. Wehrly, Clark, Truxaw and Goobar, examined ninety-two men, according to their check.

Six of these men passed out of the examining room and went their way without leaving the physician's statement with the clerks in the outer room. These men will be looked up, and unless the statements are returned the men will be considered as not appearing. It was through a misunderstanding on their part that they did not file their statements.

The clerks have the statements of the physicians upon eighty-six registrants examined yesterday. Of that number thirty-three were physically disqualified. Of the fifty-three passed, thirteen are not asking exemption.

Out of the 120 men who were summoned to appear for examination yesterday, twenty-eight were not given physical examination, and of the twenty-eight a number did not appear at all. A cursory examination showed that thirteen of the twenty-eight filed claims for exemption as aliens, and for that reason were not physically examined. Of the remaining fifteen nearly all are aliens and apparently the rest are men who are already in the federal service.

Of the aliens claiming exemption Victor De Sutter is a Belgian and G. M. Audrich of Orange, is a Serbian.

### THIRTEEN ARE NOT ASKING FOR EXEMPTION

The thirteen men who passed the physical tests yesterday and who are not asking exemption are:

Floyd W. Turner, Tustin.  
Leman B. Thrall, El Toro.  
Walter Gerken, Mission Apartments, Santa Ana.  
Ralph Huffman, Orange.  
William Planchon, Santa Ana, R. D. 6.  
A. C. Danielson, Newport Beach.  
A. H. Wischnack, Olive.  
Maximo Cayous, Glorietta.  
Edwin T. McFadden, 906 N. Main, Santa Ana.  
R. O. Bruce, 312 W. Walnut, Santa Ana.  
John M. Mock, El Toro.  
S. E. Waterman, El Toro.  
H. F. Taylor, Orange.

### FORTY MEN STATE THEY ASK EXEMPTION

As each man who was physically qualified turned in his statement, Lester Slaback, one of the clerks, asked him if he claimed exemption. If he answered in the affirmative he was given a claim blank to be filled out. That must be filed by tonight. His affidavit need not be filed until later.

The forty men who yesterday took exemption claims follow:

Thomas F. McCulloch, 348 N. Cleveland street, Orange.  
Theodore Watry, 1326 West Second street, Santa Ana.  
Clarence R. Grigsby, Orange.  
William F. Krueger, Orange, R. D. 1.  
Arthur L. Spencer, Orange, R. D. 2.  
Julian R. Cruz, Yorba.  
Milton L. McLaughlin, 616 East Fifth, Santa Ana.  
Rudolph Carpenter, 116 McFadden.  
Harry C. Kenyon, Orange.  
Henry J. Hinrichs, Orange.

(CONTINUED ON PAGE 3)

### Pay of Soldier Must Be Considered by the Board

The following is a copy of a communication received by the local exemption board:

Washington D. C., August 3, 1917.

Governor of California, Sacramento, Cal.  
Number Twenty-six Seventy. Reference ruling E, compiled rulings Number Three concerning dependency on the ground of marriage. Please call attention of local boards to the fact that a soldier's pay is not less than Thirty Dollars a month and that all clothing, subsistence, medical treatment and housing are furnished him.

Under the law he may allot any portion of his pay to dependent. Many soldiers receiving thirty dollars a month are easily able to allot twenty-five dollars monthly to the support of dependents. In case of death in line of duty the government will pay to the beneficiary designated by soldier six months pay.

Section Four of the Selective Service Act provides that those in a status with respect to persons dependent upon them for support which renders their exclusion or discharge advisable may be discharged, but it does not require that they shall be discharged in all such cases.

The discretion of local boards is invoked by this provision and such claims may well take the facts recited above into consideration in deciding claims for discharge due to dependency with a view to determining whether, as a matter of fact, the person claiming such discharge will not be in as good or better position to support his dependents after selection for military service than he was before. If such is the case of course discharge should not be granted.

CROWDER.

### NEW PEACE OFFER BY KAISER HINTED

Wilhelm Planning New Moves to End Conflict, Belief In Washington

#### ALLY PARLEY TO HAVE IMPORTANT RESULTS

Far-reaching Developments Expected From Session In British Capital

WASHINGTON, Aug. 7.—Germany will make a big peace move this fall, officials here believe. But they caution it probably will be, as previously, a made-in-Germany peace which would place the kaiser in the light of victory before his people.

They admit this nation would listen to a serious bona fide peace proposal now or any time, but from information in government possession, Germany has no intention of making any such proffer and any she now makes will have a joker somewhere in it.

Pres. Wilson discourages peace talk at this time. He has let it be known that America is in the war up to the hilt and that even congressional peace debate now would only serve to belound the issue and hamper war preparations.

Despite the apparent almost impossible task of crushing through the west front with present tactics, war department heads maintain confidence in the outcome, indicating to observers that they probably have "some new tricks" in store for turning that vast front. Some say the end will come before 1919.

By JOHN GRANDENS  
(United Press Staff Correspondent)  
BERLIN, Aug. 7.—Open dissatisfaction with the new cabinet was expressed by the liberal press today.

The Tageblatt was bitter in its statements that the people had been given no choice in the new government and declared that "real democratization or parliamentarization resembling an exotic sea monster is the choice confronting Chancellor Michaelis."

"The representatives of the people had no influence in the cabinet appointments," the Tageblatt declared. "Germany received the new government as a gift from above. There is no possibility of acknowledging or refusing it. Parliament has no more rights than other parliaments. The great German people have neither direct nor indirect influence in the selection of their managers. They have no power and no responsibility. They are exposed to the strokes of fate."

Despite the dissatisfaction with the new cabinet and the more pronounced upheaval just past, it is apparent that moderation of Germany will occur through revolution, not by direct action.

A visitor from abroad would at once be struck by the absence of all outward manifestations that usually accompany the things that are now going on in Germany. There has not been the slightest sign of a revolutionary spirit during the period that had its beginning in the movement that overthrew Bethmann-Hollweg.

### KERENSKY AND KORNILOFF RUSSIA'S BIG MEN

WASHINGTON, Aug. 7.—Russia now looks to her two big "K's"—Kerensky and Korniloff—to lead her out of military and internal disorganization to stability and triumph. Kerensky wields supreme power in the administrative branch of the government, while Korniloff has been vested with absolute control of the army. Both men now have the entire support of all the Russian political parties.

This is the situation as revealed in information reaching government circles here.

LONDON, Aug. 7.—An allied conference (CONTINUED ON PAGE 3)

## CITY TRUSTEES

# Charity Control Defended 20 Cent Street Levy Voted P. E. Way Right Hits Snarl

Rev. Stevenson Asks That  
\$25 Monthly Be Placed to  
Benevolent Association

That Miss Mabel Haines, secretary of the Associated Charities, has tendered her resignation was disclosed last night by Rev. J. A. Stevenson, when he appeared before the city council to protest against the action of the council at its last meeting in discontinuing the \$25 per month allowed the Associated Charities and turning it over to the Salvation Army. He asked that the action be rescinded and the monthly allowance to the organization resumed.

Mayor Visel thought that the organization should be reinstated and that the Salvation Army should also be given assistance.

"Why not refer it to a committee," said Tubbs. "If we have made one mistake, why not make two?" On his motion the matter was referred to a committee, Tubbs and Greenleaf being appointed.

Defends Association  
Rev. Stevenson admitted the charge made at the last meeting that it cost \$2.50 to administer \$1, but defended the association, and said he would consider it cause for congratulation, as it could be \$4 to \$1.

"We have been trying ever since we organized to get people to understand that the Associated Charities is not primarily an agency for giving out material relief, but a movement representing a distinctly new conception of philanthropy," said Stevenson. "It is as different from the old charity as a Cadillac Eight differs from the first horseless carriage."

A comparison with other towns may be of interest. Redlands, with a smaller population than Santa Ana, employs two trained workers in its associates charities at a salary of \$900 each, or a total of \$1800 a year for secretaries—a general secretary and a trained nurse. Santa Ana had but one paid worker at \$900 per year.

Handled 248 Cases  
Redlands handled 248 cases last year and Santa Ana 355. Grocery orders given out by Redlands amounted to \$122.43, by Santa Ana, \$212.29. Redlands paid \$14.90 for auto hire. Santa Ana paid nothing because auto service was donated. Redlands paid \$53.95 for printing and postage. The annual report for the Santa Ana organization cost nothing, being paid for by a private donor.

It developed that Miss Haines was granted a two-months' vacation without pay at her own request. The big demand for labor in the fruit orchards, canneries, etc., made the charity work of the organization less in demand and the secretary deemed it to be to the best interests to eliminate the expense for a month or two.

"We feel that it would be a great calamity to this community to withdraw support from the association," said R. J. Stevenson, "and we feel that the action of the board was an official disapproval of our work. We would ask that you reconsider your action at the last meeting."

Petition Presented  
A petition to the board asking reconsideration was presented, signed by A. J. Crookshank, J. H. Rankin, C. S. Kendall, E. B. Smith, W. E. Winslow, O. M. Robbins, Dr. R. A. Cushman, Dr. C. D. Ball, E. S. Gilbert, R. E. Miles, S. M. Davis, George A. Edgar, C. H. Chapman, E. E. Keech, R. Y. Williams, C. S. Kelley, George W. Minter, Harry L. Hansen, F. W. Fuller and J. S. Smart.

Added Tax to Aid Owners of  
Property With Improve-  
ments O. K.'d

The city tax rate this year will be 20 cents higher than it was last year. It will be \$1.60 instead of \$1.40. The total city and county rate, however, will be the same as last year.

Availing itself of a new law passed at the last session of the legislature providing that cities of this class may levy a special tax for the improvement of streets and taking advantage of the lower tax rate that the county will establish, the city council last night voted to add a levy of 20 cents for use in building or assisting property owners in improving streets.

Indications are that the supervisors will clip 20 or 25 cents from the county rate, the size of the clip depending upon whether or not request for an additional 10-cent levy for high schools is granted.

Skipped for Funds  
The city has long been skipped for funds with which to improve streets that are in sore need of attention and which in a measure the city should improve, or at least pay a portion of the cost of the improvement.

A storm drain is one of the imperative needs of the city and the fund raised by the 20-cent levy would raise \$13,560.37. Paving of Fairview avenue to carry off the storm waters accumulating on that street from all the paved streets running south has long been under contemplation. In recent years the storm waters have flooded lands south of the street, laying the city liable to damage suits. Property owners are willing to stand a portion of the expense of paving but do not feel that they should be called upon to stand the entire burden to relieve themselves of a nuisance for which the city is to some degree responsible. The councilmen feel that the city should bear at least 25 per cent of the expense.

Bristol Street  
Another street which needs attention and which the property owners believe the city should contribute to is Bristol street. Last winter residents south and west of the city made complaint that there was no paved city street connection with the county paving on South Bristol, and because of this condition it was difficult for them to get into town with automobiles in rainy weather.

The special levy will make it possible for the city to assist in the improvement of these streets, as well as others, where in the judgment of the council it would be met and proper for it to share a part of the expense.

The new law requires that the governing body of cities must prepare the tax rate and submit it to the State Board of Authorization for approval. The application for permission to establish the rate must be submitted before the last Monday in August. The board has not yet been named and there is some doubt as to its standing by reason of a referendum being invoked. However, it was thought best to make a stagger at complying with the law, and the rate was established last night in order that the city clerk might get the application in time.

Jerome Present  
County Auditor Jerome was present by invitation and addressed the board on the new law.

The rate was apportioned as follows: General fund, 60 cents; street fund, 27 cents; sewer fund, 5 cents; fire fund, 8 cents; advertising, park and band, 1 cent each; library fund, 9 cents; sewer bonds, 5 cents; city hall bonds, 2 cents; water bonds, 19 cents; fire bonds, 2 cents.

By reason of a reduction of \$6700 in the assessed valuation of city property, the city will have a few dollars less for the operation of city than it had last year.

The loss in valuation is attributed partly to the re-valuation of old houses in the city. County Assessor James Sleeper had Ed Waite go through the city this year and re-value all the houses, reductions being made on many that have been assessed too high.

Exemption of soldiers' property increased \$15,000, going from \$111,000 last year to \$126,000 this year.

R. J. Blee and E. C. Martin  
Attack Proposed Route of  
Railway to Tustin

The Pacific Electric is not going to have easy sailing in securing its franchise for its Tustin extension or in getting its right of way over private property on the route it has selected. The company applied for a franchise permitting it to cross Halladay, McClay and Lyon streets in this city.

A number of property owners on the proposed route were present to enter their verbal protest in addition to a signed remonstrance against the application.

R. J. Blee presented the protest and spoke against granting the franchise. He said there were many signers to the protest who did not own property on the proposed right of way, but who were damaged by reason of their holdings being in proximity to the road. He declared the city was now cut up too much by railroads and believed that a way out of the city to Tustin could be found where so much valuable property would not be damaged.

P. E. Attorney Defends Route

Attorney Norton of the railway company said that the engineers had spent many days in efforts to secure a route where the least damage would result and had selected the proposed route as the most feasible and of the greatest service. He declared that it was not purely a local matter, that in time the road would probably extend beyond the limits of Tustin, with the line becoming an important artery of the big electric system.

E. C. Martin, who resides at the corner of Chestnut and McClay, raised his voice against the road.

"So far as I have been able to ascertain, and I have consulted with a number of them, the company has not even approached property owners with reference to getting a right of way through their property," said Martin. "I own fourteen acres. The Southern Pacific borders my place on the west, the Santa Fe cuts through it and if the franchise is granted, the electric line will border my south line. The crossing on McClay street would be near the Santa Fe crossing of that street, and the double crossing would make the street particularly dangerous to traffic. We would rather not have the road."

Sees Damage to Property

J. J. Van Wyk declared that if the road went through on the proposed route he would have no street frontage at all, the right of way taking up the road in front of his property.

McPhee—"This city is pretty well gridironed with freight roads now. I don't think it is the right thing to do to grant this road another franchise in the face of the protests of the representative citizens who have appeared here in opposition and who have signed the remonstrance. We ought to give our citizens some protection. I would consider that this road would damage my property 50 per cent if I owned property on the proposed route."

Mayor Visel—"Do you mean that we should not let the P. E. run into Tustin?"

"Santa Ana First"

McPhee—"No, I do not mean that. With me it is Santa Ana first. I believe there are other routes available to the company where so much valuable property would not be cut. It seems to me that Third street is an outlet, or perhaps still better yet, the original plan of the company to extend its branch to Tustin by way of East Fourth street. I think we should find out whether it is the more feasible."

Mayor Visel—"We owe Tustin something."

McPhee—"Let the Pacific Electric settle with the people and then come to us. It seems that they have not secured permission from any one on the route within the city limits to pass through their property. I believe we should give this a 30-day halt. I am not prepared to give this company a franchise that will allow it to go through private property, and I move that the matter be continued for 30 days."

"Opposition Everywhere"

Attorney Norton—"Location of a road anywhere never meets with the entire approval of everyone. The location at Tustin met with considerable opposition. We will meet opposition everywhere we go. The county has granted us a franchise for the route from the city limits to Tustin. That was two weeks ago. The law requires that we start building operations within four months after granting of the franchise, and if you stand us off thirty days, we will be losing valuable time. We will have to pay wherever we go, according to the judgment of the courts. The state law gives us the right to go and we expect to have to pay a fair price for land for a private right of way."

McPhee—"The company has made its plans, working from Tustin to Santa Ana. That is treating Santa Ana in a very peculiar manner. They did that same thing at Orange. The company has always pursued the policy of starting at the other end and then coming to Santa Ana to help it

"MOTHER SAYS  
POST TOASTIES  
ARE GOOD  
FOR ME—  
AND I SURE  
LIKE 'EM"  
Bobby

close up its plans.

Flays Railway

"For my part, I would like to have the P. E. know that Santa Ana is on the map. The attorney talks of haste. It did not apply that policy to their work in Santa Ana. If it practices the same policy in building the road to Tustin that it has in making good on promises to Santa Ana, it will be a long time before the road is built."

James S. Rice, one of the Tustin committee on right of way, pictured the future of Tustin and the San Joaquin ranch in glowing colors, as possible incidents of the extension of the road to Tustin.

"There is no one factor that enters into the valuation of property in any community as a railroad," said Rice. Some years ago Tustin and Orange were on the same footing. We of Tustin thought that we had the soil and other advantages superior to Orange. One day the iron horse stuck his nose into Orange. Packing houses were established on the spurs. Oranges from Tustin and other parts were hauled to Orange and packed and were shipped out to all parts of the United States as an Orange product. The consequence has been that Orange has built up a nice city. Where there is one house in Tustin there are twenty in Orange. A railroad never built anywhere without meeting objections.

Beyond Tustin

"The P. E. is not going to stop at Tustin. It is going far beyond. It will go to the San Joaquin ranch, and maybe to San Diego. James Irvine has been censured for not selling his large holdings off in small tracts. When he gets older and the land becomes more valuable as the result of railroad lines operating through the ranch, subdivisions will come and beautiful homes and driveways will feature the big ranch. It will be one of the beautiful and most prosperous sections in the county. It will be one of the scenic points between San Diego and Santa Ana. In time the very people who today are objecting to the road, will be the most benefited. It would be a great mistake to deny the franchise at this time. Look into the future, five, ten, fifteen or twenty years. It would be a great boost for the entire valley."

McPhee's motion that the application be laid over for thirty days prevailed.

**HERE ARE ADDITIONAL  
ACTIVITIES AT CITY  
TRUSTEES' MEETING**

That there has been no pretense toward the enforcement of the ordinance requiring that all gas heaters be properly vented, was disclosed at the meeting of the city council last night. The disclosure came in a discussion of an application from the Southern Counties Gas Company for a plumber's license so that it could engage in the work of installing heaters.

Two fires of recent date have been attributed to the lack of proper venting of heaters.

"It costs the city \$20 every time a false alarm is turned in," said Mc-

## MERRIMAN! ? COMING! ? ? Tuesday's Register ?

Phoe, "and I believe we should enforce the ordinance."

The inspector was instructed to proceed at once with inspection of heaters in the city, for which inspection the proper owner will have to pay a fee of 50 cents.

Advertising Bids

Bids for advertising and printing for the ensuing year were opened. The Register was awarded the advertising at 35 cents an inch for the first insertion and 40 cents per inch for subsequent insertions. Bids for printing were received from Flagg & Campbell, the Blade Publishing Company, the Worden Printing Company and the Palmer Print Shop, and were referred to a committee for investigation. McPhee and Maryatt were appointed.

Place for Women's Hats

"The members of the Women's Council of Defense have no place to hang their hats, and I would suggest to you, Mr. Mayor, that you vacate your office room temporarily in order that they might have a place to hang their hats," said McPhee in making a request for the use of the mayor's office for the women for their meetings. The mayor very readily waived all rights to the office for the time being.

For East Fourth Pavement

H. E. Smith appeared before the board and asked its endorsement of the county paving specifications for work on the P. E. right of way on East Fourth street from the Santa Fe tracks east to the city limits. He stated that the P. E. company had signified its willingness to put in 7 1/2-cent work, but he thought that if the city would approve paying under the county specifications that he could make satisfactory arrangements with the company for this grade of work. The endorsement was given.

To Improve Grand Avenue

A petition from C. C. Schultz, M. R. Heninger and other residents of Grand avenue between Fourth and Seventeenth for improvement of that street with rock and crushed rock was granted, on condition that the property owners subscribe \$215 cash and donate team work to the value of \$35. The estimated cost of the work is \$185.10.

Seventeenth Street Grade

The matter of officially establishing Seventeenth street and fixing the official grade was referred back to the committee to which it was referred at a previous meeting. Greenleaf was chairman of the committee and was not present last night, his mother having died yesterday. Although the street has been in use for over thirty-five years, records do not show that the street was ever deduced to the city.

Concrete on Poinsettia  
A request from the Salt Lake railroad that paving on Poinsettia and other streets on which it would run or cross be deferred for a time, (CONTINUED ON PAGE 31)

## PETITION TO WIDEN E. FOURTH STREET BEFORE CITY COUNCIL

(CONTINUED FROM PAGE 1.)

and every lot on both sides of the street contains a business house.

### Will Take Time

The promoters of the scheme do not anticipate doing the work all at once or within the next month or two. It will take time in which to develop harmony of all the property owners and get them to agree to the changes. When it is started it will be necessary to have a full block signed up and agreement to start the work at the same time. Were all the property owners agreeable to the project it is probable the plans could be carried to completion within three or four months.

A tremendous amount of work is involved in the plan. In addition to rearranging of fronts, it will mean that wide sidewalks will have to be torn up and replaced within the new lines. The work will have to be replaced with paving, water and gas pipes will have to be extended and meters changed. The present gutters will serve as the drains for the street, the paving taking the place of the present sidewalk sloping from the curb life to the gutter.

### To Eliminate Poles

Elimination of all poles on the street will be another attractive feature of the improvement, as will also the doing away with present unsightly awnings. The Pacific Electric will have to make arrangements for hitching its supports for its power line to the buildings on either side. Posts supporting the second stories will carry the ornamental lights that now throw out their rays from iron lamp posts.

Col. S. H. Finley, who circulated the petition among the property owners asking permission to do the work, owns a large frontage on the street and is one of the most enthusiastic boosters for the plan. In the block between French and Mortimer he owns about two-thirds of the frontage on each side of the street, and he is ready to start the work at once if his neighbors are.

The plan was first put up to a number of the property owners at a meeting in Finley's office a month ago. The work of securing approval has been going on quietly ever since, until it has reached the point where its success is practically assured.

### Ease Traffic Congestion

The prime idea in the widening is to relieve traffic congestion on the street and to provide better parking facilities for machines. A 25-foot lot can take care of only one machine under the present method of parking lengthwise along the street. With the wider street it will be possible for machines to head in against the curb, with it being possible for three or four machines to stand where only one can stand now.

While the petition filed last night calls for work on the four blocks named, the plan is to carry the widening clear to the Santa Fe tracks. There are a few business buildings at the extreme east end of the section which the widening would effect, and in future new buildings going up would conform to the line of business houses within the four blocks. If the widening of the end of the street is consummated within the next year those in charge of the movement will be well satisfied.

### Project Master Stroke

The project is a master stroke in the developing of East Fourth street as a business section. The wider street would make the property more valuable and business houses there more in demand. Accommodation of the automobile public with parking facilities would draw the bulk of this class of trade to that end.

So far as is known West Fourth street property owners have taken no step to follow the course taken by the East-enders.

## POISONED CANDY AT LORDSBURG KILLS 3

LORDSBURG, Aug. 7.—Eleven cases and three deaths are the result of poisoned candy given to children by a stranger, three weeks ago. Infected court plaster stories have caused the police here to thoroughly investigate the matter. The outbreak has been checked.

## Drops Release Plea As Wife Is Assured Home

The best pleased man around exemption board headquarters yesterday was Robert A. Bruce of 312 West Walnut street. He is going to get to go, and that is what pleased him.

Mrs. Bruce is an English girl, and has no relatives in this section. She has a brother in the English army and another in the French army. Bruce has had military training, and thoroughly believes in the cause of the United States, and his wife wanted him to do his part in the war, in

which her husband thoroughly concurred.

But Bruce did not know where Mrs. Bruce could go, should he go to war. For that reason he decided to ask exemption. He had written east, to see if she could go to some relatives there, but had received no reply. So he filed his exemption claim.

A half-hour later he returned, his face in smiles. The letter from the east had arrived, and his wife would have a home. He withdrew his claim for exemption.

## IN TODAY'S TESTS FEW DISQUALIFIED BY THE DOCTORS

(CONTINUED FROM PAGE 1.)

W. E. Lovell, Orange.  
W. F. Graves, Tustin.  
H. O. Krueger, Orange.  
A. B. Collins, Orange.  
Frank Musselman, 602 E. Fourth.

### THIRTEEN FAILED PHYSICAL TESTS

Underweight yesterday exempted W. J. Hogan of Orange, a six-foot-two basketball star of that city. Exemptions for underweight and overweight were not made excepting when in the extreme. Numerous cases were responsible for the thirteen physical discharges this morning. The thirteen names follow:

J. E. Bergeman, Orange.  
T. I. Rowlands, Orange.  
E. H. Warhurst, 2022 N. Bush.  
J. C. Adams, R. D. 7, Santa Ana.  
Walter Clement, 607 E. Second.  
C. C. Lambert, Tustin.  
H. J. Buss, 1719 Greendale.  
Roy F. Spangler, 1115 S. Main.  
H. J. Carriker, 342 Maple avenue.  
Vaughan Maynard, Orange.  
M. S. Buck, Newport.  
C. E. Marshall, Irvine.  
Simon W. Harris, 812 W. Sixth.

### TO ACT AS NOTARY

FULLERTON, Aug. 7.—To aid men coming with the draft, P. A. Schumacher has announced that he will perform all notarial work for them, whether affidavits in proof of exemption claims or disposition of property, without charge. Mr. Schumacher included in his offer the Red Cross and men who volunteer for service in the army or navy.

## SOCIETY NABOB ENDS HIS LIFE IN ST. LOUIS

Woman Whose Phone Call  
Led to Finding of Body  
Is Sought By Police

ST. LOUIS, Aug. 7.—Jordan Wheat Lambert, millionaire vice president of the Lambert Pharmaceutical Company, shot and killed himself in an exclusive apartment house here early today. He was 43 years old and socially prominent.

Lambert and his second wife, Mrs. Bernice Kendall Lambert, former Webster Groves, Mo., heiress, have been separated since October. It is said, Mrs. Lambert is now in New York with her six-months' old child. Lambert is said to have denied that there had been a separation.

Lambert was divorced from his first wife several years ago. There are two children by the first marriage—Barron P. and Jordan W. Lambert, Jr.

### Mystery Phone Call

A telephone call from an unknown woman resulted in the finding of the body by a maid. The woman called shortly after 3 o'clock and asked if Mr. Lambert was in. When the maid went to his room she found the body.

Lambert was known as the "Broadway Jones" of St. Louis. He was a widely known sportsman and billiardist and belonged to many of the country's largest athletic clubs, including the New York Athletic Club, the Missouri Athletic Association and the St. Louis Country Club. He was graduated from St. John's Academy, Salina, Kan., in 1895. Police today were searching for the mysterious woman whose telephone led to the discovery of the suicide. It is believed she may be able to furnish some clue as to the cause of the deed.

### Brothers Widely Known

Lambert brothers, Albert Bond, J. D. Wooster and Marion L. J. Lambert, are all widely known in the business and sporting world. Albert Bond Lambert is a former president of the Aero Club of America and has done much to promote aerial sports in St. Louis. He has backed many of the balloon races and is at present active in promoting the air services of the army here.

## WORK OF THE CITY TRUSTEES

(CONTINUED FROM PAGE 2.)

brought up a discussion as to the advisability of paving that street with paving such as has been put down on a number of residence streets.

McPhee stated that experience had demonstrated that the lighter paving would not stand up under heavy traffic, and in view of heavy traffic developing on Pointsettia when the Salt Lake line comes in, he thought good paving should be ordered in. A motion to that effect prevailed, and a four-inch concrete base and 1½-inch asphalt surface will be ordered in on the street from Washington to Fourth.

### Minor Business

Request from W. S. Maddux that something be done to relieve conditions on Oak street between Pine and Walnut, was referred to the street superintendent.

A check from the Southern California Edison Company for \$1739.50 as 6 per cent of its earnings was received and accepted.

City Attorney Scott was instructed

to take action at once to collect the franchise tax due the city from the Home Telephone Company for the past two years. The company has made no report to the city in that time.

Street Superintendent O'Brien was authorized to employ a man to clear certain streets of obnoxious weeds.

On recommendation of Tibbs, Jack Munson was employed as city motor collector, he to assist the city marshal in collecting licenses. He is to receive \$120 per month. Munson lives at Westminster and has had three years experience as motorcycle officer, working at Waverly Hills.

City Clerk Vogely was granted two weeks vacation commencing August 11 and ending August 27. City Attorney Scott will act as city clerk at the regular meeting of the board on August 20.

Petition to pave Eleventh street from Main to Spurgeon was granted.

Petition for street light at corner of Sixth and Bristol was referred to lighting committee.

SELECTED BY THE  
MOST CONSERVATIVE  
PEOPLE AS A  
DEPOSITORY FOR  
THEIR FUNDS.

—It is a significant fact that the California National Bank has been selected by so many conservative individuals, firms and corporations as a bank of deposit for their funds.

—The bank's depositors include many of the county's most successful business men and ranchmen. While this bank is the depository of many individuals and firms of large means, it also enjoys the patronage of a very large number of comparatively small depositors whose accounts are welcomed and whose interests are as scrupulously cared for as the very largest business.

California, as second-class matter.THE COURT PLASTER  
PERIL

Newspapers have carried numerous items lately concerning the work of German sympathizers in spreading diseases through infected court-plaster. Reports came from various sections of the country that such court-plaster was being sold from house to house and given away in the streets by peddlers.

The Department of Justice announces that chemical analysis has shown tetanus germs on court-plaster distributed in this way. From the office of the United States Attorney General comes the warning to the public "against purchasing this remedy, except from approved sources, the warning being particularly directed against purchases in small packages from street peddlers and vendors."

This is a very grave menace, whether it springs from a "German plot" or from mere carelessness. But it is apt to be productive of some good if people's attention is forced to the fact that court-plaster should never under any circumstances be purchased from street peddlers. Court-plaster sold at the door has always been an object of suspicion and danger. The cheap grades sold in this way are likely not to be clean and sterile. There is, and always has been, danger of various kinds of infection. The careful housewife has never bought court-plaster from the man with the hard luck story—or the poor widow with the large family to support, or the small child caring for invalid parents—because of that very danger.

One good thing will be accomplished if today's court-plaster scare teaches every one that court-plaster must, for the sake of health and safety, be bought of reputable dealers.

## TEACHING LANGUAGES

In one of the Middle West cities \$100,000 was spent last year in teaching German to English-speaking children in the public schools, and \$700 in teaching English to foreign-born residents.

This costly German instruction was concentrated on comparatively few children. There was no pretense that they really needed it; it was admittedly "cultural" in its purpose. The \$700 devoted to teaching English, with a view to making good citizens of aliens, and enabling them better to accommodate themselves to the life of their adopted country, had to be spread over 54,000 foreign-born men.

This contrast might be duplicated in scores of American cities. It needs only to be mentioned to convince an intelligent person of the absurdity of the present system of language instruction in this country.

The city in question has decided to change its method. The school board disclaims any intention of discriminating against the German language, but announces that it is going to stop discriminating against the English language. It is manifestly important, above everything else, especially at this time when we are so eager to unify our diverse population, that all people living in the United States, whether native, naturalized or aliens, should learn the language of the country. That is the first, most fundamental step in the Americanization of our whole population and the full realization of American ideals. It is essential, too, as a duty we owe to our adopted children.

As for whatever duty we owe to children who want to learn foreign languages, that can easily be discharged at less expense and with less injustice. The school superintendent of the city in question declares that no foreign language should be taught in the grade schools—a verdict in which many thoughtful observers will agree. "It is uneconomical," he says, "and unwise from an educational standpoint." The stress should be on English. The children are too im-

mature to appreciate the value of a foreign language. German, French or Spanish can properly be taught in the high school to those who want it.

## With Malice Toward None

By Henry James

When Ben Talked Rag Time  
It was Benjamin Franklin who said there never had been a good war nor a bad peace. He said many wise things, but probably never considered this as one of them. The only way to explain his foolishness is that Ben was joking, for he did not believe a word of the adage that he started down the corridors of time. Ben was a fighter when there was a necessity for fighting. He tweaked the nose of George III, figuratively of course, when the result of such conduct seemed likely to be the privilege of hanging in a row with other distinguished Americans. The plain truth is that peace may be so bad as to be worse than any war. The sort of peace that possibly might follow an arrangement to continue the kaiser in power would be this. If Franklin meant what he said he could not have taken part in the revolution for the surrender was all that was necessary to the creation of peace. But it would have been a bad peace, rotten, in fact, and B. F. knew it. Perhaps he scribbled that line when the printer was yelling for a chunk of "pure reading" so as to comply with the conditions of a patent medicine ad contract.

Vital Differences  
Mr. Hoover, despite the time and effort devoted to his duties, is willing to work without pay. Perhaps this is the reason that Senator Reed fails to understand him. Nobody, for instance, could imagine Reed working without pay, or doing the peculiar work he performs without more than a mere senatorial salary.

Illegality  
Colorado courts have decided that a marriage contracted fifty years ago, resulting in happiness and a family, was illegal, leaving the mature children of the union up against it for a name and standing. Courts ought to be in better business. It is to be hoped that nobody is worried over such judicial foolishness.

Thinking  
"Thinking for a certain time daily," says a great editor. As though the mind were a clock to be wound up and set going. People think, if they have the necessary equipment, and if they haven't they don't. To fold the hands in idleness and devote the mental powers to thought—not as to a specific problem—would be a waste of time. One might well twiddle his thumbs, repeating to himself meaningless "eenie, meenie, mince, mow."

Unions  
The fact cannot be overlooked that at many points the unions are having a difference with the employing classes. To a man up a tree, this seems due mostly to the fact that the employing classes declare there shall be no unions. Excepting their own, of course, which is an air-tight concern desirous of having a monopoly of the spirit of unionism.

Honors for Von Tirpitz  
Among the dispatches from abroad is one stating that Von Tirpitz wants to become a member of the reichstag. If that assembly has the right to declare as to the qualifications of its own members, of course his ambition is vain. Statesmen willing to sit alongside this one-handed assassin would be a queer lot. The opinion in this country is that Von Tirpitz deserves a seat all right, but in one of these electric chairs.

Seeing Things  
James Hamilton Lewis, senator from Illinois, says he sees signs of peace in the address of the new German chancellor. Ham, as he is best known, gazes so much upon his own pulchritude that his vision is dazzled, and when he turns, briefly, to consideration of something else, it is natural that he should imagine himself seeing things.

Pressing the Limit  
Not long ago a Wisconsin teacher, loving much a man already equipped with a wife, suggested to the wife that the latter chase herself from the domestic circle. Upon having her feelings hurt by a refusal she shot the wife, and for this in jail, where she is said to be writing a book. The woman is warned that there is such a thing as going too far. One of her sex may shoot an occasional wife and get away with it, but there is no excuse for writing a book. The jury may take this into consideration, and if it does, the shoot artist is likely to be kept for a time where she cannot comfort the widower.

Wisdom and Faith  
"But wisdom and faith," writes a correspondent, apropos of something or other, "are from within and not from the starry depths above." All right. Let it go at that. Nevertheless wisdom has been added to something by study of the skies, and faith, gazing into the ordered mysteries of space, is conscious of gaining strength.

The Bustle  
It is said that the bustle is coming back, and if it is the person bringing it ought to get ten years.

MOONEY RETRIAL PLEA  
STRIKES NEW SNARL

SAN FRANCISCO, Aug. 7.—A new trial will not be granted to Thomas Mooney, bomb plot case defendant, just because the attorney general asked it. The state supreme court, in denying Attorney General Webb's request, ruled today that it could not consider an application for a new trial except on formal motion of "one of the parties to the court."

Mooney's attorneys today announced that they would ask the court to set aside the hearing on their motion for a retrial.

SWITZERLAND OPPOSES  
LOAN TO GERMANY

WASHINGTON, Aug. 7.—Switzerland is opposing Germany's request for a loan in return for coal supplied to her, the State Department was officially advised this afternoon.

Invest in  
Krumbles

The new whole wheat food with its delicious flavor and its high food value at a low price.

Children like KRUM-BLES and it builds them up because of the extra nutrition of Durum wheat, which is rich in protein and mineral salts.

KRUM-BLES is appetizing with cream or milk, and a special treat with berries, sliced peaches or bananas.

Toasted Corn Flake Company of Battle  
Creek, Mich., makers of Kellogg's—the  
original Toasted Corn Flakes.

## CANNING LESSONS

Now is the time to answer the call of the nations, says today's bulletin from the National Emergency Food Garden Commission. Send a two-cent stamp for postage at 210 Maryland Building, Washington, D. C., and you will get the manuals on drying and canning free of charge.

The lesson for today is corn. For canning on cob, select corn of uniform ripeness and size and proceed with the canning as soon as possible after the corn is picked. If too ripe, the corn will turn dark in sterilization and it will be rather hard and tough; if not ripe enough, it will be flat when served. Remove husk, silk and shank and any defective parts. Blanch the corn in boiling water for six minutes and plunge quickly into cold water for a few minutes. Pack in jars, alternating tips and butts and a level teaspoonful of salt to each quart and fill jars with boiling water. Place tops in position, partially tighten them and sterilize three hours and a half in boiling water. Remove jars, tighten tops and invert to cool in place free from draughts.

## Real Estate Transfers

(Furnished by the Orange County Title Company.)

Frank H. Mellor et al to Clarence U. Kelly et ux—10.05 acres in Sec. 26-4-10; \$10.

Virginia M. Patterson to Donald Barker—148.6 acres in Blk. 184, Irvine Sub.; \$10.

Bayside Land Co. to Margaret M. McKay—Lot 26, Blk. 106, Bay City.

A. G. Oswald et ux to Pearl L. Oswald et al—Same property; \$10.

E. N. Rexroad et ux to Sadie V. Hatcher—Part of Lot 13, Sec. 25-4-11.

On account of the war and other abnormal conditions, it has been necessary to discontinue much and sacrifice much in the way of art ware. One of the principal things to suffer has been fine dinnerware, china, silverware and the like. Many of the most beautiful patterns are no longer made. Inasmuch as D. L. Anderson Co. had on hand a lot of these charming sets and pieces—now discontinued—they were forced to close them out permanently and finally. This is the reason for their present clean-up sale.—Adv.

Sidway baby carriages, Chandler's, 510-516 North Main St.

## Corn Off Cob

Blanch corn in boiling water for six minutes, plunge quickly into cold water for a few moments and cut the corn from cob with a sharp thin-bladed knife, cutting half to two-thirds down the kernel and scrape out remainder; always cut from the tip towards the butt. Fill jars at once to within a quarter of an inch of the top, add a level teaspoonful of salt to the quart and fill with boiling water. Ad-just and partially tighten tops and sterilize for three hours and a half in boiling water. After complete sterilization, remove from boiling water, tighten tops and invert to cool in place free from draughts. The whole process of canning corn should be carried on as rapidly as possible.

## Drying Off Cob

Prepare corn as for canning and cut from cob with or without blanching, being careful to save all the milk which is pressed out. Dry the corn alone or mix it with sugar and salt in a double boiler at the rate of five pounds of corn, half cup sugar and a quarter cup salt. Keep stirring until milk is absorbed. Spread on plates.

MOVIE DIRECTOR IS  
INJURED IN CRASH

SAN BERNARDINO, Aug. 7.—William Horsley was bruised, Mrs. Horsley suffered a broken shoulder and their son was bruised, Fred Dawes sustained a broken collar bone and Mrs. Dawes was bruised, as the ending of an auto party in which the machine turned over an embankment on the Cajon Pass road. Horsley is a director at Universal City.

HEARING ON CROSSING  
MAINTENANCE BEGUN

SAN FRANCISCO, August 7.—The state railroad commission is holding its hearing today on the petition of the United Railways of San Francisco for an order directing the San Francisco Municipal Railways to maintain all crossings where United and Municipal tracks cross. The United railroad holds that it should be free from this expense as it was operating and maintaining its service long before the municipal line was built.

GIVES YOUNG SONS  
\$5 EACH, SUICIDES

LOS ANGELES, Aug. 7.—Mrs. Margaret Foreman, 35, called her two sons, Richard, 18, and Fred, 12, and gave them \$5 and a note, telling them to give the note to their father when he returned from work. She then sent them to the store and going to her room shot herself. The note contained instructions and ended with, "God bless you all. I have tried and failed. Margaret."

KYNE AND WHITE ARE  
'GRIZZLY' CAPTAINS

SAN FRANCISCO, Aug. 7.—Peter B. Kyne and Stewart Edward White, authors, are included in the list of men commissioned by Adjutant General Horree as captains in the new California field artillery regiment.

Reliable Gas Ranges, underpriced. Chandler's, 510-516 North Main St.

## TODAY'S WAR RECIPE

Stuffed Onions  
Two tablespoonfuls of solid meat (chopped), two tablespoonfuls of grated cheese, four large onions, one tablespoonful of margarine, seasoning. Half cook the onions, drain them, and take out the centers. Mash or cut up finely what you have removed from the onions with the meat, cheese, and seasoning to taste. Fill the onions with this mixture, put a quarter of the fat on the top of each. Place in a baking tin with some hot drippings, and bake till the onions are quite soft. Breadcrumbs, or boiled rice, moistened with a little stock may be used in place of meat.

In order to grow well, chicks must have a variety of food so that they can obtain from that food the different elements needed to make bone, muscle, blood and feathers.

TELLS REASONS  
WHY MEXICANS  
REFUSE WORK

Fear of being forced into the United States army and loss of confidence in Mexican beet topping contractors are assigned by Ralph Dominguez as two of the principal reasons controlling action of local Mexicans in refusing to work in the beet fields. Dominguez is from Los Angeles, where he holds a federal position. He is accompanied by Daniel Muller, a prominent beet grower. The two gentlemen have been in the county since Saturday of last week and have made a pretty thorough investigation of the situation in the county with reference to labor.

This afternoon they visited at Dyer and Delhi and tonight will hold a meeting at Huntington Beach. Tomorrow they will be at Anaheim and Los Alamitos. They were accompanied on their rounds today by L. M. Franco, well known local Mexican.

"The situation in this county seems to be in pretty good condition," said Dominguez this afternoon. "We are materially assisting in clearing the minds of the Mexicans of the points that seem to have been bothering them. Practically all of them have been under the impression that they were to be pressed into army service. We have put them clear on this point. In seasons past, it is claimed, the Mexican laborers have lost hundreds of dollars by contractors they were working for collecting money on contract and leaving without paying their help. This is one of the reasons so many have this year demanded day wages direct from the growers. So far we have found no great evidence of the activities of agitators in this section. It is claimed there are a number here and it may be true that they are here. We have not happened to come in contact with people who have been influenced by them."

From other sources it is learned that without doubt agitators have been doing effective work, and it is said some of the beet growers of the county are very much peeved that officers have not got the "goods" on the agitators and halted them into court.

Twenty-five or thirty negroes were expected to arrive in the Talbert section this afternoon from Los Angeles. A portion of the immigration was to go to the Von Schrittz ranch, some to the Robert Gisler place and others to neighbors.

PERSONAL AND SOCIAL  
NEWS NOTES FROM  
ORANGE CITY

ORANGE, Aug. 6.—Miss Emma Brubaker and her brother, Mr. Benjamin Brubaker, son of El Modena, and both of whom are students in Whittier College, were hostess and host at a 7 o'clock dinner given Saturday to twelve of their college associates, six of whom are from Whittier and six from El Modena.

The lawn was strung with jack-o'-lanterns, which shed a very pleasing, softened glow over the tables spread out of doors. Lantana and fern were used in decorative scheme, the brilliant red and yellow shadings of the tiny floral clusters being especially effective.

Covers were laid for the Misses June Aiken, Esther Williams, Marguerite Kimber, Stella Colhurst and the Messrs. James Kimber and Thos. Kimber, all of Whittier, and the Misses Elsie Crist, Orpha Crist, Florence Brubaker, and the Messrs. Vernon Stanford and Sylvester Marshburn of El Modena.

Rev. and Mrs. M. L. Parson, the former being pastor of the Presbyterian church, returned from the Presbyterian Educational conference, held at Alamitos Bay last week, filled with enthusiasm and delight, not mentioning the benefit.

The conference was somewhat of an experiment which Southern California is making after the manner of similar conferences at Winona Lake and other places through the synod. Experts along evangelistic, educational and C. E. and missionary lines were in attendance. Among the more prominent men were Rev. William Ralph Hall of Philadelphia, Dr. Lauber of New York, Prof. Ontoby of the San Francisco Theological Seminary; Dr. Phillips, newly-appointed S. S. field secretary; Mr. Miliken of Baltimore, and others, who conducted classes during the forenoon. The afternoon was devoted to recreation and the evening to public lectures in the hall.

Orange furnished a quota of delegates and attendants, among them being Rev. and Mrs. Pearson and son Donald; Mrs. R. W. Jones and Mrs. Saunders; the Misses Marguerite Wood and Myrtle Klahn and Evans.

Christian Endeavor experts recommended greater and more intelligent interest in the missionary work of the church. Sunday school experts advised that opening exercises be carried on by the classes in turn, that all pious exhortation be avoided and that all who take part be notified in time to make adequate preparation.

The conference closed last evening the experiment being one of the happiest made in Presbyterian circles in recent years.

That "there's more pleasure in anticipation than in participation," as some pessimistic old fellow once said, and as many persons have repeated was proven false to the letter Saturday and Sunday when the members

of the Modern Priscilla Club of Villa Park, gathered together their husbands, children, camping outfits, foodstuffs and a few other necessary articles of equipment for a good time, and drove to Nigger Canyon, below Laguna Beach for an over-Saturday outing.

Right in the prettiest spot among tall, fragrant eucalyptus trees, in the place which is this year in charge of the Bathgates, the camp was made. As supper and sleeping quarters were of first consideration, automobiles were parked with an eye to comfort in both cases. Tables were spread on the ground, and by attaching batteries to long wires, all the lights of a beach lighting system were obtained.

In the evening the campers fished a little, went to Laguna Beach, reconnoitered about the camp grounds, enjoyed the great outdoors in the most carefree manner. A midnight swimming bee was held, but the ladies said nothing of a bathing girls' parade, so it is understood there was none.

Breakfast of a fine fish fry in the early morning, followed by a great chicken dinner at noon, constituted a real gastronomic feast in which every one there did his best, the noon meal being supplemented by salads, corn, cake, watermelon and other good things. The return home was made late Sunday afternoon.

Several of the members who are regular attendants at the club meetings could not be in attendance at the outing, and those who were there often spoke their regrets over the unavoidable absence. Those in the party were the Messrs. and Mmes. John Holditch and Gwendolyn; W. A. Knuth and Margaret; J. A. Gunnelt and Virginia; J. Arthur Spurling and Overton; J. F. Collier and Marion; Charles Wallace and Josephine; J. B. Handy, C. A. Palmer, Carl Durnbaugh, C. O. Field, Albert Hughes and J. Roy Smith of Capistrano; Mmes. Pauline Hughes, Majors, Ellen Holditch and Marjorie Conger; the Misses Anna and Nellie Adams, Anna and Estel Urschel.

## SOCIETY

## HERMOSA MEETING

W. Frank Holman, Grand Worthy Patron, Many Others Visit Eastern Star

A very delightful meeting of Her-mosa Chapter, Eastern Star, was held last evening, the young people of the chapter being in charge of the well carried out arrangements, with blue birds for the decoration motif.

The guest of honor was W. Frank Holman, of Los Angeles. Worthy Grand Patron, who made an unofficial visit, together with Mrs. Elizabeth Wheeler and Mrs. Maude Bowes of Hollywood.

Many other visitors, representing Wilshire, Oriental, Daylight, Pacific, Hollywood, Hope, Acacia, California, Fullerton, Anaheim and Montebello chapters were present to enjoy the pleasures of the evening.

Four candidates were inducted into the mysteries of the order and after the impressive ceremonies, a banquet was served above stairs where beautiful decorations prevailed.

An orchestra, which discoursed lively music during the evening, was en-sonced in a lovely alcove fashioned of cherry blossoms and about which bluebirds flew.

The big center table held a star in its five colors and ropes of ferns and roses extended the lengths of the tables. Blue birds fluttered from the electroliters and the young servers wore pretty blue bird caps. A feature of the decorations was dainty baskets filled with luscious Orange county fruits.

Following the service of the many good things to eat, toasts were enjoyed.

All debtors of Dr. F. E. Winters will please settle their accounts at the First National Bank.

## ROCK ME TO SLEEP

Backward, turn backward, O  
Time in your flight,  
Make me a child again, just for tonight!

Mother, come back from the echoless shore,  
Take me again to your heart as of yore;  
Kiss from my forehead the furrows of care,  
Smooth the few silver threads out of my hair;

Over my slumbers your loving watch keep—  
Rock me to sleep, mother—rock me to sleep!

Over my heart, in the days that are flown,  
No love like mother-love ever has shone;  
No other worship abides and endures,  
Faithful, unselfish and patient,

Like yours;  
None like a mother can charm away pain  
From the sick soul and the world-weary brain.

Slumber's soft claims o'er my heavy lids creep—  
Rock me to sleep, mother—rock me to sleep!

Mother, dear mother, the years have been long  
Since I have listened to your lullaby song;  
Sing, then, and unto my soul it shall seem  
Womanhood's years have been only a dream.

Clasped to your heart in a loving embrace,  
With your light lashes just sweeping face,  
Never hereafter to wake or to weep—

Rock me to sleep, mother, rock me to sleep!  
—Elizabeth Akers Allen

## WIENER BAKE

Christian Endeavor of Christian Church Enjoys Outing At Huntington Beach

Six machines carried a load of young people to Huntington Beach Saturday evening, leaving Santa Ana at 7:30 o'clock. Big bonfires on the sand were soon kindled and while wieners were being roasted, the merry company sang to the accompaniment of ukulele music and enjoyed the beautiful moonlight.

Mr. and Mrs. J. S. Carmichael and Mr. and Mrs. May chaperoned the crowd, which included members of the Intermediate C. E. Society of the First Christian Church.

**Juice of Lemons!  
How to Make Skin  
White and Beautiful**

At the cost of a small jar of ordinary cold cream one can preserve a full quart of lemon juice, the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as sallowness, freckles and tan and is the ideal skin softener, smoother and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin. It is wonderful to smoothen rough, red hands.

## ATTEND CONFERENCE

Misses Annie Anderson, Edith Higgins at Summer Meeting at Alamitos Bay

Misses Annie Anderson and Edith Higgins returned Monday morning from a week's stay at Alamitos Bay, where they attended the Presbyterian Summer Conference, being delegates from the First Presbyterian church of this city. They report an exceedingly interesting and helpful week and as it is the first Presbyterian conference of its kind to be held in California, the promoters feel much encouraged.

The three aims of the conference were education, inspiration and recreation, and under the guidance of efficient leaders it proved to be a very successful conference.

## A SECRET WEDDING

Just For Fun Mr. and Mrs. R. M. Silkwood Keep Marriage From Relatives

R. M. Silkwood, son of Mrs. Effie Silkwood, and Miss Jennie McDonnell, daughter of Mr. and Mrs. T. F. McDonnell, of 1002 West Chestnut avenue, were married by Rev. Mr. Meyers at his home in Los Angeles June 28, but "just for fun" they did not tell their relatives and friends of their marriage until now.

The bride has been for years in the employ of the Pacific Telephone company and the groom is engineer at the city water works. Both have the well wishes of their hosts of friends.

Mr. and Mrs. Silkwood will be located in a few days at 935 West Pine street.

## Red Cross Work

Unit No. 3 of the third section of Household Economics of the Ebell will meet Thursday, August 9, at the Armory to do Red Cross work. This call is very urgent and all members are expected. Mrs. G. H. Dobson is the supervisor.

## C. W. B. M. Meeting

The Christian Woman's Board of Missions of the Christian church will hold a meeting Wednesday at 7:30 p. m. in the church. It will be an echo of the Long Beach convention. There will be special music. All members are requested to attend, also all interested.

## IMPROVEMENT BODY TO HOLD MEETING

The El Modena Improvement Association will hold a meeting in the school building tonight.

W. P. Read, who recently became interested in lands in the San Joaquin valley, will give a talk on the agricultural opportunities of the country. As many El Modena people have already gone to the valley to reside, and others are planning to do so, the talk will be particularly interesting.

Mrs. D. E. Huff, Orange chairman of the food conservation organization, will present this topic to the audience and give a very beneficial outline of the work as being carried on by the government through communities, for direct assistance to the family and home. W. R. Winton, who is on the membership committee of the recently organized Chamber of Commerce, will present this subject before the meeting, seeking to enroll other names.

## OFFICE BURNS

Fire destroyed the office of the Brea Gun Club last Thursday evening and would have done further damage but for the quick action of R. H. Lee and J. W. Steele, who put the rapidly spreading fire out. The cause of the blaze is not known.

John Wesley Hancock, Optometrist, near P. O., holds record of highest grades ever made in California.

Dr. Magill, Osteopath, Phone 956-W.

Dr. Hancock wants hard cases.

**OTHER WORK SHIRTS, 65c, 75c, 85c.**

**VANDERMAST & SON**  
THE HOME OF GOOD CLOTHES FOR MEN AND BOYS

## Personals

Mrs. Charles A. Davis has returned from a delightful two-weeks' trip to San Francisco. She was accompanied home by her friend, Mrs. Robert E. Lee Flournoy and small son, Bobbie.

Mrs. Ella Wilson is sojourning at Camp Frank Hobart, at Huntington Beach.

L. A. Schlesinger of the West End Theater made a trip to Los Angeles today.

Mr. and Mrs. Sherman Stevens of Tustin and Percy Rice are guests of Mr. and Mrs. J. S. Rice at their cottage at Laguna Beach. Messrs. Stevens and Percy Rice are passing their time in fishing.

Mrs. H. L. Sawdye of East Walnut street, returned yesterday from Fallon, Nevada, where she was called by the serious illness of her sister, Mrs. Nellie Burns Salisbury. Mrs. Salisbury passed away August 2, leaving a husband and a baby girl three weeks old. Mrs. Sawdye brought the baby home with her.

## CARD OF THANKS

To the many dear friends who have expressed to us their deep sympathy in our recent bereavement, the death of our dearly beloved son, Geo. P. Ey, in San Francisco, we wish to tender our most sincere thanks.

MR. AND MRS. FRANK EY.

On account of the war and other abnormal conditions, it has been necessary to discontinue much and sacrifice much in the way of art ware. One of the principal things to suffer has been fine dinnerware, china, silverware and the like. Many of the most beautiful patterns are no longer made. Inasmuch as D. L. Anderson Co. had on hand a lot of these charming sets and pieces—now discontinued, they were forced to close them out permanently and finally. This is the reason for their present clean-up sale.—Adv.

## GIANT GRAIN YIELD IN U. S. NOW ASSURED

CHICAGO, Aug. 7.—Crops of the country are safe. Nothing now can interfere with one of the largest grain yields in American history. There may possibly be an early frost, which might damage corn slightly. These were statements of leading crop authorities today.

## THE WEATHER

Fair tonight and Wednesday. Westerly winds.

Aug. 6—Maximum, 87; minimum, 59.

## S. A. V. I. CO. BULLETIN

**WATER BULLETIN**  
Today water is in ditches A, J, H, H, I, II, P, V, D, B, K, L, M. Tomorrow it will be in B across the creek.

## MARRIAGE LICENSES

**IN SANTA ANA, ON AUG. 6**  
Francis J. Cox, 21, and Mary Platt, 18, both of Los Angeles.

Melvin L. Bush, 28, and Myrtle F. Hobbs, 19, both of Los Angeles.

Harry D. Morton, 21, Altadena, and Ada Scriven, 19, Los Angeles.

Willard J. Curry, 22, Artesia, and Helen G. Deems, 20, Pomona.

Almerin Rogers, 20, and Ina M. Page, 18, both of San Dimas.

Manuel Oviedo, 40, and Toribia Calvillo, 19, both of Anaheim.

Albert P. Anderson, 32, Los Angeles, and Mattie Vedder, 35, Grand Rapids, Mich.

Ernest F. Terry, 30, and Georgia Fugard, 27, both of Bakersfield.

Anton Cizek, 23, and Stephanie Stauff, 17, both of Glorieta.

Jean B. Plou, 32, Anaheim, and Louise Paillos, 23, Los Angeles.

George G. Key, 20, and Hannah Ipsen, 19, both of Placentia.

## DEATHS

**NEFF**—In Santa Ana, Cal., Aug. 7, 1917, at the family home, 617 South Broadway, Mrs. Ella M. Neff, aged 49 years, wife of Charles O. Neff and mother of Miss Gladys M. Neff. Services by Rev. H. W. Peck will be held from the Mills and Winbler Mission Funeral Home, Thursday, August 9th, at 10 o'clock.

P. O. Warren who will lecture to business men and clerks tonight on "The Value of Newspaper Advertising" at the City Council chambers.

Tonight the merchants and salespeople of this city will have an opportunity to see the famous retail merchandising lecture of the National Cash Register Company, which has been brought to Santa Ana through the efforts of J. C. Metzgar, secretary of the M. and M. The lecture, together with the feature film, "Troubles of a Merchant and How to Stop Them," will be given by P. O. Warren, lecturer, and will take place at Council Chamber. Reports from other cities show that it is one of the most interesting and educational lectures ever prepared. No charge will be made for admission.

Newspaper advertising, and its value to the merchant, will be told by Mr. Warren during the course of the lecture. He will show by means of stereoscopic slides the proper way to prepare newspaper advertisements, how to get the best results, and will tell why continuous advertising pays. Problems of window display, store organization, efficiency of clerks, delivery problems, arrangement of goods, and other items of interest to merchants and salespeople will be taken up. Causes for failure in business will be analyzed.

The three-reel Essanay feature film, "Troubles of a Merchant and How to Stop Them," will be the chief feature of the evening. About one year ago, the National Cash Register Company decided to show the merchants of the country the various causes for failures. To accomplish this the film was made, with actors from the Essanay studios portraying the various characters, at a cost of \$30,000.

Mr. White, a grocer, is the chief character in the film. By his lax methods of conducting his business, he has been brought to the verge of bankruptcy. His store was located in an old-fashioned building; high windows prevented the proper display of merchandise, and the whole appearance of the store was unattractive in the extreme. The interior of the store was badly arranged, and he was continually losing money.

At a time when his hopes for success were lowest, he was induced by an outsider to clean up his store, and install modern business methods. The manner in which he finally achieved success is unfolded in an interesting manner.

The best facts of retail merchandising gained in thirty-three years' experience of the National Cash Register company in dealing with merchants in every part of the world are incorporated in the lecture. It is the most comprehensive lecture on this particular subject, and the M. and M. desires that every merchant and salesperson in the city attend the lecture and gain an insight into better business methods. The lecture will begin promptly at 8 o'clock.

## AMUSEMENTS

The birth control picture, "The Hand that Rocked the Cradle," which was passed by the local board of censors, will be shown at the Princess Friday afternoon and Saturday evening. Philip Smiley and Lois Weber are the dramatic stars. The film deals with one of the leading questions of the day.

## TAB KEPT ON ALLEGED OBSTRUCTOR OF DRAFT

SAN FRANCISCO, Aug. 7.—Although the letter of Attorney John McNab, exemption board member, charging Attorney Daniel O'Connell with obstructing the draft, has not yet been received by U. S. Attorney Preston, Preston today admitted that for three months his office has been watching O'Connell's activities. McNab claims O'Connell made out exemption claim for two draft eligibles, which were of a treasonable nature.

Henry Christman and Adam Mettler, Stockton youths, Preston announced will be charged with refusing to submit to physical examination in warrants to be issued today.

**ONLY 2,000,000 TO BE DRAFTED, IS CLAIM**

SAN FRANCISCO, Aug. 7.—Of 10,000,000 men registered under the selective draft, not more than 2,000,000 will be certified into the army, said a high army officer today.

"It is estimated that one-half of the men registered will be exempt for occupational reasons or because of dependents," he declared. "Of the remainder, perhaps not more than 1,500,000 will be accepted. Army recruiting records show one applicant in five is accepted."

**NEW SHIPS ON S. F. BAY TO BE SEIZED**

OAKLAND, Aug. 7.—Vessels totaling 200,000 tons now building on San Francisco Bay will be taken over by the Federal Shipping Board, it became known today.

The Moore and Scott Iron Works, Hanlon Dry Dock and Shipbuilding Company, F. W. Stone Shipbuilding Company and the James Robertson Shipbuilding Company were notified today of the commandeering of their yards. The Union Iron Works had been notified previously.

**PLAN TO HONOR MAN WHO SANK LUSITANIA**

PITTSBURGH, Aug. 7.—Enemy alien plans to send a huge loving cup as a gift of pro-Germans in America to the commander of the U-boat that sank the Lusitania was exposed and balked by federal authorities today. Otto Post, leader of the movement, has been arrested.

1915 Studebaker, electric lights, self-starter, repainted, overhauled. A great buy—\$500.

1913 Haynes Truck, very cheap.

### Grant Motor Co.

## 'BEAR DOCTOR'S SECRETS BARED BY U. OF C. SAVANT

### Death of Last Pomo Indian Magicians Unseals Lips of Dr. S. A. Barrett

BERKELEY, Cal., Aug. 7.—This is the story of Niku, last of the "bear doctors" and last of the Pomo Indian magicians.

Niku is dead. And his death has unsealed the lips of the one man who knew the "bear doctor's" secret of magic.

This man is Dr. S. A. Barrett, connected with the University of California.

Niku, like all the "bear doctors" who came before him, held chief place in the superstitions of his people. For these wizards, upon garbing themselves in the skin of a bear, could perform mystic rites, acquire tremendous rapidity of motion and great endurance, thus enabling them to destroy their enemies—or, at least, such is the belief of the Pomo Indians.

Now for the first time Niku's secret of the "bear doctors" and how the cult first began is revealed to the pale face. Here is the story, in much the same picturesque form, as it came from Dr. Barrett, the translator:

Long ago, when there were no Indians on earth, when birds and animals were all human, there was a great village overlooking the northern end of Clear Lake, California.

One day the "bird people" snared a great grizzly bear. Each of the birds, in turn, tried to carry the grizzly back to the village. Finally the very smallest of the birds succeeded.

The tiny bird, while dragging his burden, became envious of the great powers of endurance of the bear—his ferocity and his cunning. He dug a cavern, with his brother's aid, at the foot of a precipice. After many months they succeeded in making of the pelt a ceremonial robe, rich in magic power. It was decreed that he who would don the robe could scale the highest mountain, through the thickest brush and be fleet of foot when going over the valley. And he could tire and outdistance the real bears and kill them with ease.

Then the bird brothers went forth to test their magic cloak. They killed bear after bear, until their secret was suspected. The others of the village came upon them from the rear and jerked the bear masks and pelt from them. Thus died the first of the "bear doctors," but their magic lived on.

Death Bares Secret  
This secret, however, guarded covetously by generations of "doctors" did not become known until the death of Niku.

There were a few women "bear doctors," so the tale continues and even those who were bent and feeble suddenly acquired the ability of the fleet and strong. It was written that the "bear doctors" must live a life of celibacy, that they must refrain from meat or food containing blood.

Before going forth he must sing ritualistic songs, invoking the aid of such gods as the "brush man," "mountain man," "spring man" and "rock man," all of whom were supposed to lend him aid.

Incidentally Niku's confessions indicate that municipal graft is not a new institution for the "bear doctors" had an arrangement where the chief of the village and his family were immune from attack and received a share of the spoils in return for protection.

LAGUNA BEACH, Aug. 7.—The Villa Park chapter of the Modern Priscillas spent the week-end picnic at Nigger Canyon, about two and a half miles north of Laguna Beach.

This was the annual outing of the Priscillas and had been planned for weeks. In this case at least, anticipation did not prove greater than realization, as every member had a splendid time.

Camp was made in a grove of eucalyptus trees and a table long enough to seat fifty (for there were that many present) spread in their shade. Electric lights, taken from the automobiles, drove back the shadows till after the moon arose.

Dancing at Laguna filled the evening for a number of the party. Swimming, walking on the beach and "visiting" helped to make the hours fly.

Mr. Bathgate, on whose ranch the picnic was held, supplied fresh vegetables and delicious melons with a generous hand.

Among the members present were: Mr. and Mrs. John Holditch and Gwendolyn, Mr. and Mrs. J. H. Gunnett, and Armour, Mr. and Mrs. W. H. Knuth and Margaret, Mr. and Mrs. J. S. Collier and Marion, and Mrs. Louis Delong and Lois Virginia. Mr. and Mrs. Arthur Spurling and Overton, Mr. and Mrs. Charles Wallace and Josephine, Mr. and Mrs. J. B. Handy, Zella, Queen and Bruce, Mr. and Mrs. C. O. Field, Mr. and Mrs. C. A. Palmer, Mr. and Mrs. Albert Hughes, Mr. and Mrs. C. Durnbaugh, Mesdames Pauline Huberman, Majors, Ellen Holditch, Marjory Conger, the Misses Nellie and Anna Adams, Annie and Estel Urschell, Elsie Wulff, Vedah Schiefele, Bukes, and Margaret Holditch; Messrs. George and Bronson Holditch, Edgar Adams, Fen Field and S. M. Bathgate. Mr. and Mrs. J. R. Smith of Capistrano were also present.

Mr. and Mrs. Robert M. Simon of

Santa Ana spent several days of last week in their cottage at Arch Beach. Mr. Simon's sister, Mrs. Dawson, of Los Angeles, and her son Robert, are occupying the cottage now. They will remain for some time and Mr. and Mrs. Simon will be down often to visit with them.

Mrs. Elal L. Taylor of Laguna Beach returned Saturday evening after spending a few days in Los Angeles.

Miss Julia Raymond, who has been spending several weeks at "The Breakers" has moved over to Arch Beach where she will be a house guest of Miss K. Overton for two weeks. After that Miss Raymond will occupy Miss Overton's little cabin on the hill. Miss Raymond expects to be in Arch Beach during the rest of the season.

Mr. and Mrs. Robert Moulton of Los Angeles are occupying the Ferris cottage on the bluff. They will remain during Mr. Moulton's vacation, which will last two weeks.

Mr. Conway Griffith of Laguna Beach is entertaining Dr. Van Geldam of San Francisco for a few days. This is the doctor's first visit here in eight years and he expected to stay for at least two weeks. He found a telegram awaiting him, however, and will be forced to return to his home Tuesday.

Mr. and Mrs. Burton Andrews and Burton, Jr., who spent last week-end with Miss Ann B. Mason in her cottage, "The Wickup," are now occupying one of the tents in the Tent City. They will be in Laguna at least another week.

Saturday "Coral Inn," the James Rice cottage in Laguna, opened its hospitable doors to a jolly week-end party. Mr. and Mrs. Sherman Stevens, Mr. and Mrs. James Rice and Mr. Percy Rice of Tustin made up the group.

Mr. and Mrs. A. R. Culver of Santa Ana spent Saturday night and Sunday in Laguna. They stayed at the Laguna Beach Hotel.

Mr. and Mrs. H. J. Olson and family of Alhambra have taken an apartment in "Grav Gables." They will remain until the twelfth.

Mrs. John E. Marble and her children of Pasadena, spent the week-end in Laguna. They had accommodations at "The Honeyuckle Court."

Mr. C. Carroll White, who, with his wife and son has been spending the summer on Laguna Cliffs, has gone to Idyllwild for a few days. The Whites have made arrangements to pass the winter in Laguna. They are occupying the Clarence Brooks cottage.

Mr. and Mrs. Everest and their daughters Frances and Eleanor Everest arrived in Laguna Saturday night. They are occupying the Dyer cottage above the hotel and will remain until school begins in September.

Miss Emily White, who has been in Hollywood for several weeks has now returned to Laguna and is occupying her Arch Beach cottage. Miss White is a miniature painter and has been on commissions during her absence.

Mrs. Otis Jones, of "The Breakers" has gone to her ranch in Burbank for a few days. Before her return to Laguna she will visit in Los Angeles for a short time.

Dr. Hawkes, Mr. Ranscup, and Mr. Doubleday spent Saturday to Monday with their families who are guests at "The Breakers." The gentlemen are business men of Los Angeles.

Mr. Ed. E. Miller of the Glenwood Mission Inn, and his wife and son, are guests at the Laguna Beach Hotel this week. Mr. Miller expected to occupy one of his brother's cottages at Arch Beach, but found them all occupied.

Among the guests at the Hotel are the Misses Katherine and Anna O'Donnell of Santa Ana. They arrived Monday and expect to stay a week or more.

The Rev. Mr. and Mrs. Benj. S. Haywood of Riverside spent the week-end in Laguna. Mr. Haywood was quite worn out by his duties on the examination board and came to the beach for a brief respite. He is the pastor of the First Methodist Church of Riverside. While in Laguna Mr. and Mrs. Haywood stayed at the hotel.

Mr. and Mrs. C. B. Lehman and their family have taken the Bonnie Brae cottage for three weeks. They are from Los Angeles and spend part of every summer at Laguna.

A weiner bake, at which Miss F. W. Adams of Canada was hostess, was held Saturday evening on the beach. The guests, all Santa Ana friends of Miss Adams, drove down for the affair. They were Dr. and Mrs. P. R. Reynolds, Mr. and Mrs. Kingston, Mr. Fred Kingston, Mrs. Embree and her little daughter Eleanor. After the supper on the beach (and it was a very great success) the party went to the dance, where they joined Mr. and Mrs. James Rice, and their guests, Mr. and Mrs. Sherman Stevens and Mr. Percy Rice. Miss Adams is spending several weeks at the Laguna Beach Hotel.

Mr. and Mrs. Oscar Wees and their son Jay, spent Monday with Mr. and Mrs. Claude Wees, Mr. Wees' son and daughter, of Laguna Cliffs. They are from San Bernardino and were forced to make but a short visit, as Mr. Jay Wees is called for examination Wednesday.

Mrs. E. R. Trefren, who with her two children has been spending several months in Los Angeles, has returned to Laguna Beach.

A Texas Wonder  
—The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment, and seldom fails to perfect a cure. Send for testimonials from this and other states. Dr. E. W. Hall, 2395 Olive street, St. Louis, Mo. Sold by druggists.—Advertisement.

H. E. Johnson has opened up a new sale barn at 709 West First. Phone 1243-J. He will have on hand for sale at all times, first class horses and mules; also hay and grain.

The rattle of your loose wheels is just as much a warning of danger as the rattle of the snake. The accident your wheels may cause is just as likely to be fatal as the strike of the reptile.

## SPOKITE

Tightens and Silences Loose, Rattly Wheels

Heed the warning now! Apply Spokite at once and not only stop the rattle but prevent the possibility of collapsing wheels. A few drops squirted into the cracks caused by shrinkage of the wood will swell your wheels tight as new—and keep them tight.

### Cheaper, Better, Quicker Than Old Way

The old, or mechanical, way does not prevent further shrinkage or swelling. The Spokite way does. The old way costs about \$2.50 per wheel. Spokite tightens 4 wheels for \$1.00. The old way keeps your vehicle idle half a day or more. Spokite tightens 4 wheels in an hour—and without the trouble of removing them. Thousands of wheels have been tightened the Spokite way and not a single case of failure has yet been found.

### Don't Risk Your Life Any Longer

Every time you go out with loose wheels you take your life in your hands. A sharp turn, a curb jolt, a sudden bump and—bang! Your wheels collapse, and perhaps in a most dangerous place.

See Your Dealer  
Go to the nearest garage, auto supply or hardware store at once and get a wheel size can of Spokite. It costs only \$1.00 and makes 4 wheels safe.

If your dealer can't supply you, write our factory and we will see that you get a quantity promptly.

LIQUID WHEEL TIGHTENER COMPANY  
General Offices and Factory: Modesto, Cal.  
Branches: BOSTON and NEW YORK

## REDUCED FARES FOR AUGUST TRIPS

### EASTERN CITIES

On various dates in August and September, Chicago \$80.00, New York \$118.20, Boston \$120.20, St. Louis \$77.50, Missouri River Points \$67.50, Denver \$62.50, Salt Lake City \$40.00, and many others. Return limit October 31st.

### YELLOWSTONE AND GLACIER PARKS

The Great American Wonderslands of Geysers, Waterfalls, Glaciers and Mountain Scenery.

### ZION CANYON

A Scenic Wonderland in Southwestern Utah, with a "Wylie Way" Camp, similar to those in Yellowstone Park.

Our illustrated folders give full particulars of all of these wonderlands.

Let us give you full particulars of all above trips.

## SALT LAKE ROUTE

201 W. Fourth St. Both Phones 211. Santa Ana, Cal.  
Phone or write and we will be pleased to call.  
W. H. Lee, C. A. Geo. H. Platt, C. T. A.

## Shortage of Ice

We wish to notify retail purchasers of ice that during the month of August there will be a shortage of ice. The wagons will supply customers as far as possible each day, but no customer may have ice two days in succession.

Our plant is running capacity every day and we have attempted to purchase from other Southern California plants, without avail.

We ask the co-operation of the people during this time, as wholesalers are obliged to have ice to take care of their perishable goods.

## Santa Ana Commercial Co.

Phones: Sunset 66; Home 366.  
Transfer Dept. 1105 East Fifth St.

## Service --- Stability --- Strength

These three essentials of banking efficiency are conspicuous in the Orange County Trust and Savings Bank.

### Safety Deposit Boxes For Rent

This bank's entire organization is permeated with the spirit of service. We believe that it is not enough to safeguard the banking and trust business of our clients; every effort is put forth to be of additional active service within the bank's sphere.

### Our Trust Department

Acting in the capacity of Executor, Trustee, Administrator or Guardian, the Orange County Trust & Savings Bank can be relied upon to observe every stipulation and detail. Having a permanent charter, strong organization and legal experience, we are especially well prepared to administer estates, large or small. Write or call for any desired particulars.

## ORANGE COUNTY TRUST & SAVINGS BANK.

All Branches of Banking, Savings, Commercial, Trust.

## MILITARY DRILL BOOKS READY AT LIBRARY

A number of new books have been received at the public library for the benefit of those preparing for military examinations. The books are all up to date and those starred are the most important for the student.

Miss Jeannette Madden, the librarian, has also sent for some interesting pamphlets put out by the government.

The following is the list of the new books, which have just been placed upon the library shelves:

\*Andrews, L. C.—Fundamentals of Military Service.  
Beca, Colonel—A Study of the Development of Infantry Tactics.  
\*Bopd, S. P.—The Engineer in War.  
\*Bond, S. P.—Technique of Modern Tactics.  
\*Ellis, O. O.—The Plattsburg Manual.

\*O'Ryan, J. F.—The Modern Army in Action.  
\*U. S. War Dept.—Cavalry Drill Regulations.  
\*U. S. War Dept.—Small Arms Firing Manual.  
\*U. S. War Dept.—Engineer Field Manual.  
\*U. S. War Dept.—Field Service Regulations.  
\*U. S. War Dept.—Infantry Drill Regulations.

EPWORTH LEAGUES  
PLAY VOLLEY BALL

Playing on the new Epworth League court in the 600 block on French street, the Santa Ana league volleyball team will clash with the Orange league team beginning at 7:30 tonight.

The new court on French street is in splendid condition. Both the Santa Ana and Orange league teams are "up and coming" and keen rivalry exists. A practice game was played last night and a large delegation of Orange rooters is expected to attend tonight.

The Santa Ana league has secured two splendid leaders in the athletics department, Maxwell Jayne and Joe Irvine. The league has taken up athletics only recently and the movement promises to become exceedingly popular. It is planned to have county tournaments in the fall, beginning in September. Other county leagues, not yet organized for athletics, are scheduled to do so shortly.

A BIRD'S-EYE VIEW  
The amazing success of the National Emergency Food Garden Commission's campaign for home gardening is shown by the declaration of a noted bird-woman that from her airplane the whole country looks like a giant dish of succotash.—From National Emergency Food Garden Commission, Washington, D. C.

## SPORTS

By H. C. Hamilton

## THE MARKETS

New York Markets

NEW YORK, Aug. 7.—The brilliant victory of the Clevelanders over the Red Sox, following an equally brilliant performance last week, is causing agitation today in the younger major league circuit.

Lee Fohl's sterling pitching staff, combined with a winning punch that isn't required to take the dust of any wrecking crew always has gained sidewalk room, but right now it appears that Fohl is going to horn into the argument over first place in the American league, unless someone very shortly takes a knock out punch at the Indians' average.

The Indians and Tigers are locked in the throes of a struggle for third place, seven games behind the Red Sox, but, following a crack at the Yankees in New York, they return to Cleveland to take on the White Sox. Considerable fun should fly in this series and indications don't point to a complete line of Indian fur.

Fohl's young pitchers, particularly Bagby and Covaleskie, have been carrying the burden. Kieffer's victory over the champions places him in a class with other stars and speaks none too well for the chances of the White Sox in the impending clash. The added whacking punch of Tris Speaker, Ray Chapman, Wambaganss Roth and others makes the Cleveland line-up an awe-inspiring array.

NEW YORK, Aug. 7.—Thirty-three years old and just beginning to have his most remarkable success as a pitcher—that's the record of Eddie Cicotte.

Credited this year with the most successful use of the "shine ball," he also is given credit for having some control over a knuckle ball and is more than the average performer with the splitter.

Cicotte, a veteran who, according to usual records, should be getting out of the way, heaved himself into the records for keeps when he hurled a no-run game this year.

When Jack Combs was getting his first experience as a major league pitcher, he had been taken on by Detroit, found wanting and sent back. He graduated from the same club that turned loose of Ty Cobb and they both went to Detroit the same year.

Since the beginning of the 1908 season Cicotte has been twirling them over in the American League—first as a member of the Red Sox and then as a member of the White Sox.

Cicotte missed participation in the 1912 world's series by a hair, for he was transferred to the Chicago club in that year, after he had been turned down and spurned by Jake Stahl as no good.

Cicotte has been going along in an even way, winning a game here and losing one there. His most successful season was while he was with Lincoln in the Western League in 1907. He won twenty-three and lost ten games.

If the White Sox finally do club their way into the American League pennant it will be largely the fault of this veteran heaver. His work is the most consistent, and the really brilliant among all the curves of the great baseball club.

## Low Fares to San Francisco and back

Twice a week and every day excursions, to better enable you to visit the bay region—and to know our service.

From Los Angeles—

\$18.75

8. Ordinances, Resolutions, Notices and all other printing, city order, per inch, first insertion, etc.; each next five insertions, etc.; cents; per line, each subsequent insertion 10 cents.

The words "per inch" designate space in a newspaper, the space and width to be on each line, and the width not less than two and one-sixth inches, and in length one inch in column.

Any city advertising must be printed in light face nonpareil type, set solid, twelve lines to the inch, except that the title of the ordinance must be in black face nonpareil type set solid, twelve lines to the inch, that the words "Ordinance No.", "Resolution No." and "Notice" may be in number of the Ordinance or Resolution preceding the title of any Resolution or Notice may be printed in black face nonpareil capital type.

The Board reserves the right to reject any and all bids, and to award the contract to the County as a guarantee that the County of Santa Ana, California, July 27th, 1917.

**E. L. VEGELY,**  
City Clerk.

**ORANGE COUNTY HOSPITAL**  
**NOTICE OF CONTRACTORS**  
Notice is hereby given that sealed bids will be received for the erection and completion of a new Service Building, comprising dining room and kitchen, for the County of Orange, at the County Poor Farm, Orange County, California.

Separate bids will also be received for (a) Refrigerating equipment and cold storage boxes.

(b) Kitchen equipment.

Plans and specifications are on file at the office of the County Clerk at the Court House, Santa Ana, Cal., and copies may be obtained from the Architect, Frederick E. Miller, Register Building, Santa Ana, Cal. A deposit of \$25.00 will be required for copies of the general specifications and conditions, and \$10.00 for copies of plans and specifications of kitchen equipment. These deposits will be returned if said plans and specifications are returned in good condition at the time stipulated when received.

All bids must be submitted on forms to be obtained from the architect and to be accompanied by a certified check equal to 5 per cent of amount of such bid. Bids for refrigerating and kitchen equipment to be accompanied by a certified check equal to 10 per cent of amount of bid.

All bids to be sealed and delivered at the office of the County Clerk on or before 11 a. m. Wednesday, August 8th, 1917, at which time they will be opened by the Board of Supervisors at their regular session.

The successful bidder will be required to furnish two approved bonds, one for 50 per cent of the contract as required by the statute, also a bond of 25 per cent to the County as a guarantee that the Contractor will complete the work according to the terms of his contract.

The successful bidder will be required to furnish the County with an affidavit stating that he has taken out insurance as required by the laws of the State to insure against fire and theft, and to cover all liability for accident or injury under said contract.

The attention of all bidders is called to Section 5536 of the Penal Code of the State of California.

The County of Orange, by the Board of Supervisors, reserves the right to reject any or all bids.

By order of the Board of Supervisors of the County of Orange, State of California, at its regular session, held July 17th, 1917.

# REAL ESTATE TAX LAW MEANING TOLD

SACRAMENTO, August 7.—In order to clear up the misunderstanding among real estate dealers and to explain the exact meaning of Section 2 of the real estate license act regarding exemption of corporations, copartnerships and individuals from its provisions, Freeman H. Bloodgood, state real estate commissioner, has obtained the following opinion from Attorney-General Webb.

"It must be held that it was the legislative intent to require a license of all persons or concerns conducting a real estate business as such, to exempt those who had procured a license or certificate of authority to conduct another line of business.

**OF COURSE**

where real estate transactions were made only as necessary or incidental to the business for which they had been licensed or had secured certificate of authority.

"Where such concerns carry on a real estate business which is wholly apart from and independent of the business for which they already hold a license or certificate of authority, such concerns should be held subject to the provisions of the real estate act.

"The act deals with and places a burden upon individuals, corporations and copartnerships engaged in the real estate business and it must be assumed that the legislature intended to make the burdens equal upon all so engaged.

"To hold that the insurance and other concerns mentioned in Section 2 of the act though conducting independently a real estate business were not required to procure a real estate license would result in an inequality of burden which an administrative officer should assume was not intended."

AT THE COURTHOUSE

# HIT BY AN AUTO NOW IS ASKING FOR DAMAGES

Woman Who Was Run Over  
By Machine Is Suing Driver  
For \$2550 Judgment

For numerous bruises, wrenches, twists and strains upon various muscles of her body, Marie Kuhn wants a judgment of \$2550 against Albert Kuhn. According to the complaint filed by Attorney H. V. Weisel of Anaheim, the occurrence upon which the suit is based is dated Dec. 28, 1916.

On that date the plaintiff was about near the corner of the Anaheim-Garden Grove road and the west extension of Broadway street, Anaheim, when through what is alleged to have been the careless driving of Albert Kuhn she was struck by an automobile, knocked down and run over. The principal injury was to the woman's back. It is asserted that she had been earning \$30 a month, and was prevented from working for a long time.

For Administrator

Public Administrator Winbigler has asked that he be appointed administrator of the estate of Lewis Thompson, sometimes called Lawrence Thompson, who was crushed to death between two beet wagons near Westminster. The estate is valued at \$500. The heirs live in Germany. Their addresses are unknown to the petitioner. S. M. Davis is attorney for the petitioner.

# ALLEGED TRAILER OF RUSS ENVOY ARRESTED

SAN FRANCISCO, Aug. 7.—M. Balzerkevitch, said to be a German citizen traveling on a Russian passport, was arrested today by federal authorities, the result of his ineffectiveness as to the affairs of Colonel Ternavsky, chief of staff of Russian General Bhusloff, now on a mission in this country.

Balzerkevitch arrived on the same steamer with Ternavsky.

# CONVENTION OF SOUTHLAND'S VETERANS IS LAUNCHED

Thirtieth Annual Encampment Opens at Huntington Beach Today

HUNTINGTON BEACH, Aug. 7.—The Southern California Veterans' Association convened today on the camp grounds for the thirtieth annual encampment. Judge W. D. Seely, manager of the Tent City Company, reported that 102 tents were either engaged or occupied, which indicated that the attendance this year would be equal if not greater, than past years.

Quartermaster A. B. Paul of Santa Ana was one of the first officials to arrive on the scene, with the big registration book that is always of great interest to all who attend the encampments. The first old comrade to register was J. E. West, Norwalk, who enlisted in Company C of the Second Nebraska Cavalry, and the second was Quartermaster Paul, who was a member of the One Hundred and Twenty-second Pennsylvania Volunteer Infantry.

This is the thirteenth consecutive year the veterans have met in Huntington Beach. One of the early arrivals was Comrade Tom Hull of Los Angeles, senior vice commander, who will probably be chosen as commander at the election next week.

# GEO. EY EXPIRED IN BROTHER'S ARMS

Laughing and Chatting With  
Relatives, Death Summons  
Came Suddenly

Mr. and Mrs. Frank Ey are home from San Francisco, where they were called last Wednesday by the death of their youngest son, Geo. Ey. The young man died suddenly Tuesday evening and the parents here were informed of the death by wire. The first was received Wednesday morning stating that he was seriously ill. A telegram in the afternoon informed them that he was dead. The course was adopted in order not to break the sad news too suddenly to the parents.

The death occurred at the home of Alfred Ey. Mr. and Mrs. Geo. Ey and Mr. and Mrs. Alfred Ey were in the sitting room laughing and chatting when Geo. suddenly grasped the brother and died before a physician could be summoned.

One of the sad features of the death is that efforts to locate a brother, Frank F. Ey, have been unsuccessful. He is an attorney and is connected with the quartermaster's department of the army. His whereabouts is unknown to the relatives and telegrams sent to New York and other places in the East are undelivered.

Geo. Ey was born in Anaheim December 30, 1881, and moved to Santa Ana with his parents in 1892, when his father found it necessary to take up his home here to properly take care of the office of public administrator and coroner, to which position he was elected. He graduated from the Santa Ana grammar schools, following which he took a course at a business college and completed his business education with a special course in auditing at a college in San Francisco.

He entered the employ of the General Electric Company some ten or twelve years ago in San Francisco and advanced with the company until

he was made auditor, and was transferred from San Francisco to Los Angeles. He was married eleven years ago at Berkeley to Miss Sarah F. Deremar. One issue blessed the union, a little girl. Two or three years ago the daughter sustained burns which resulted in her death. The body of the father was interred beside that of the daughter at Mountain View cemetery in Oakland. Funeral services were conducted at Masonic Temple in San Francisco with the Oakland lodge and Richmond District lodge of San Francisco conducting the services.

He was one of the many young men who in the Spanish-American war gave up their business activities to enlist in the army and he served in the Philippines.

Besides the widow, he leaves his parents, Mr. and Mrs. Frank Ey of this city, and brothers, Alfred A. Ey of San Francisco, and Frank F. Ey.

IN THE JUSTICE COURT

# DRUGGIST WILL FIGHT CHARGE BEFORE A JURY

In Gambling Device Clean-up  
Several Operator Cases  
Are Disposed of

Out of the fifteen or more men arrested upon charges of keeping gambling devices in their places of business, but one has come forward with fight in his eye. He is R. H. Hilbert, druggist, of La Habra. He was arrested for having a slot machine in his store.

This morning Hilbert pleaded not guilty, and his trial was set for September 18. Hilbert wants a jury, and he is going to have it.

M. Kalen of Westminster, R. H. Stacking of Seal Beach, R. A. Wilson and D. M. Wilson of Buena Park, each pleading guilty to having slot machines in their places of business, were given ninety-day suspended sentences. Rufino Jimenez and J. H. Linenberger, both of Los Alamitos, paid fines of \$25 each.

G. W. Pierson of Los Angeles, distributor for a slot machine, evidently does not like the size of the fines that have been handed out to three other distributors, who have paid altogether \$800, and he pleaded not guilty and got a jury trial set for September 25.

The prosecutions are being handled by Deputy District Attorney Koepsel.

Suspends Sentence  
Frank Thomson, blacksmith, has pleaded to disturbing the peace. A ninety-day suspended sentence was given him.

Some Queer Tale  
J. J. and E. Caulfield and James Fain, peddlers of lace and other goods of that nature, sold some wild yarns, and were arrested. They were explaining that they were selling goods real cheap because they had been smuggled. Each put up \$20 bail on a charge of selling goods under misrepresentation, and their trials are set for tomorrow.

For Non-Support  
Helen Heen has sworn to a complaint charging Ernest J. Pico with non-support of two minor children.

Gambling Raid  
Officers from the sheriff's office raided a Mexican gambling joint at Los Alamitos last night. A Cabrera and Perez have been charged with gambling, and Cabrera also with running a gambling place.

# ESCAPES DEATH IN MOTOR BY HAIR BREADTH

In an almost identical manner in which the life of E. E. K. Crawford had been snuffed out, C. C. Crawford, Oldsmobile and Premier distributor, came within a few inches of meeting a similar fate about 10 o'clock this morning.

The near-accident happened on the Olive road leading into Anaheim. Crawford had been to Olive on business and was on his way to his Anaheim garage. Pressed for time, he put on a little extra speed. His mind completely absorbed in business, he was not even aware that he was nearing the Santa Fe tracks when the through train to San Diego sped by within thirty feet of his fast-approaching auto. Crawford stepped on both brakes instantly and pulled to the right. The sudden contact of the new brakes on the wheels threw the Oldsmobile completely around in an instant, backing the car within three to five inches of the speeding train.

At the same time that Crawford applied his brakes the engineer had done likewise, feeling certain that the auto had struck the train. Returning to the scene of the accident, the engineer was surprised to find that only a crowd of people stood around looking at the deep marks his wheels had made in the road. In explanation Crawford said:

"I haven't the slightest idea why I drove away so quickly. I remember some people calling out to me as I turned around. 'Didn't you see it coming?' 'Narrow escape,' and several other things. Guess I was ashamed or too scared to stay near the place. The only thing I could think of when I saw that train just about thirty feet off was to blame myself for not attending to some business at Orange first, which I had in mind to do."

POP CORN WITH ROASTING  
One day, while making small iced cakes for an afternoon party, I had boiled frosting left. I found a spoonful of this frosting added to each cup of hot cocoa served at the party gave almost the same effect as if I had used whipped cream.

# We Have Some Thing To Tell You About Furnishing Your House

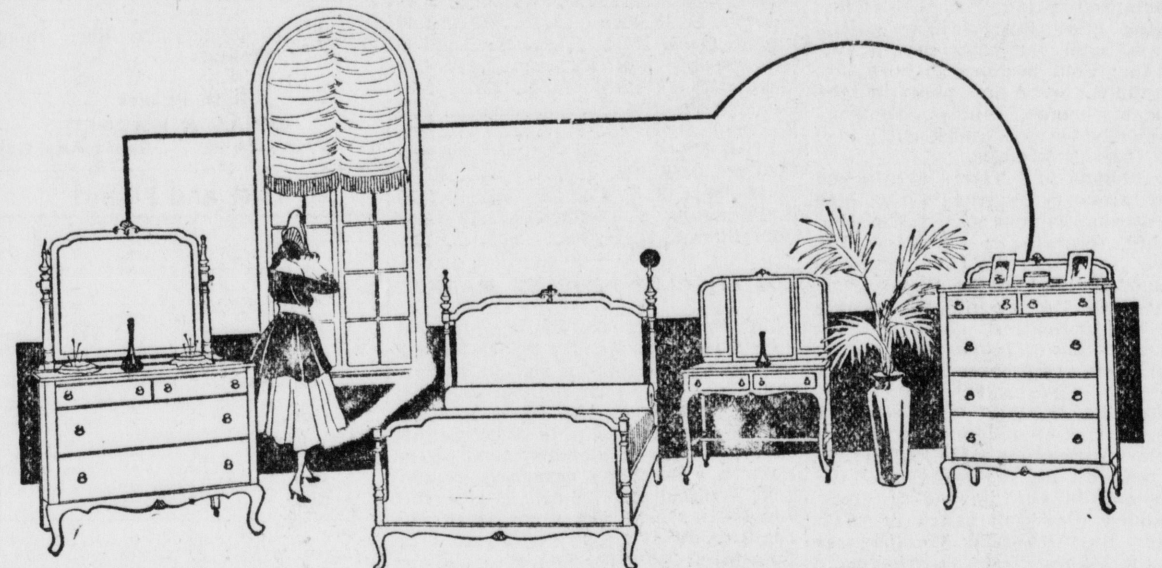

Home-making is the greatest of arts. The woman who makes her house attractive is an artist.

And it is so easy to be one today.

# ANOTHER ADVANCE IS MADE IN SUGAR

Another advance was made in sugar prices yesterday, 15 cents a hundred pounds being tacked on to the current quotations on all grades and varieties. A rising market on raw sugar in New York was the main reason back of this latest rise in cost of the sweet staple, and a further advance of 50 cents a hundred pounds is anticipated as soon as the war tax on sugar is determined upon by Congress.

The refiners of the United States are working in close conjunction with the government in an apparent effort to keep out speculation and large margins, so that when the government takes over the control of food values in this country the sugar trade will be able to show a clean record. Retailers and jobbers are carrying just as large stocks of sugar as their

# SAVANT IS HELD AT BERKELEY AS SLACKER

BERKELEY, Aug. 7.—Guy H. Broughton, member of the Chicago Ethical Society and until recently a technical assistant in the chemistry department of the University of California, is held by the Berkeley police today as a "slacker." Called for physical examination under the draft, Broughton refused to submit to the test.

AND SAID—  
'Come Through'

# PLAN FUNERAL FOR DROWNING VICTIMS

The last sad rites for little Elizabeth and Mabel Gisher, daughters of Robert and Sam Gisher, well known residents of Smetzer, who met a tragic death by drowning on Sunday, will be held at the Huntington Beach Catholic church tomorrow at 9 a. m. Theodore Winbigler will attend the services and anyone wishing to send flowers may leave them with him either this evening or before 7:30 o'clock tomorrow morning. Burial will be in the Anaheim Catholic cemetery.

# WAR IS DECLARED ON KAISER BY LIBERIA

WASHINGTON, Aug. 7.—Liberia has declared war on Germany, said a State Department dispatch this afternoon.
